THE *ECONOMETRIC THEORY* AWARDS 2026

We are delighted to announce the following *Econometric Theory* Awards for 2026.

Multa Scripsit (2026): Xinyu Zhang

Plura Scripsit (2026): Yuya Sasaki

There are presently three levels of *ET* awards: Multa Scripsit, Plura Scripsit, and Plurima Scripsit. The awards are made annually using an automated point system based on an author's cumulative publications in *ET*. A description of the award system and a copy of the *ET* Award Certificate may be viewed on the *ET* website at https://www.cambridge.org/core/journals/econometric-theory/et-awards.

Cambridge University Press joins us in congratulating the recipients of the 2026 *ET* Awards and thanking them for their sustained contributions to econometric theory.
