1 Introduction: State and Non-state Relations in Governing toward Decarbonization 1
1.1 Why Collaborative Climate Governance Matters in a Global Context 5
1.2 Aim of the Book 7
1.3 Theoretical, Methodological, and Empirical Contributions 8
1.4 Key Terms and Concepts 10
1.5 Structure of the Book 12
References 15

2 The Interplay between the State and Non-state Actors in the Governance of Decarbonization: An Analytical Framework 18
2.1 Introduction 18
2.2 Governing toward Decarbonization: A Political Challenge 20
2.2.1 Distinguishing Transitions from Transformations 21
2.2.2 Carbon Lock-ins and Roadblocks to Decarbonization 22
2.3 Collaborative Climate Governance: Interactions between the State and Non-state Actors 24
2.3.1 Regulation 26
2.3.2 Orchestration 27
2.3.3 Lobbying and Advocacy Strategies 28
2.3.4 Contestation 29

2.4 Evaluating Collaborative Climate Governance: Effectiveness, Legitimacy, and Justice 30
2.4.1 Effectiveness 31
2.4.2 Legitimacy 32
2.4.3 Justice 33
2.5 Conclusion 34
References 35

3 Sweden's Emissions and Climate Policy in an International Context 41
3.1 Introduction 41
3.2 Greenhouse Gas Emission Trends in Sweden 42
3.3 Implications of the EU's Climate and Energy Policy for Sweden's Decarbonization 46
3.3.1 EU Climate Policy and the Role of Sweden 47
3.3.2 The Interconnection of Sweden's Climate Policy with the EU's Policy Instruments 49
3.4 Sweden's Role in International Climate Collaboration and Clubs: Beyond the EU 51
3.5 Sweden's Frontrunner Role: Three Cautionary Tales 54
3.5.1 Performance and Leadership: Past Successes versus Future Uncertainties 55
3.5.2 Accounting: Production-versus Consumption-Based Emissions 56
3.5.3 Reproducibility: Should Other Countries Emulate Sweden's Climate Policies? 57
3.6 Conclusion 58
References 60

4 Politics and Governance of Sweden's Transformation toward a Fossil-Free Welfare State 63
4.1 Introduction 63
4.2 Ambitious Goals of Decarbonization versus Incremental Transition 65
4.3 State-Led Transformations 68
4.4 Governing Decarbonization in Sweden: Institutional, Economic, Technological, and Behavioral Transformation 72
4.4.1 Institutional Transformation 75
4.4.2 Technological Transformation 77
4.4.3 Economic Transformation 80
4.4.4 Behavioral Transformation 82
4.5 Carbon Lock-Ins 85
4.5.1 Institutional Lock-In 85
4.5.2 Technological Lock-In 88
4.5.3 Behavioral Lock-In 90

Downloaded from https://www.cambridge.org/core. UNIVERSIDAD AUTONOMA METROPOLITANA, on 15 Nov 2026 at 09:25:46, subject to the Cambridge Core terms of use, available at https://www.cambridge.org/core/terms. https://doi.org/10.1017/9781009301558

4.6 Conclusion 90
References 93

5 Climate Networks to the Rescue? Exploring Stakeholder Perceptions of the Effectiveness of Collaborative Climate Governance 96
5.1 Introduction 96
5.2 Evaluating the Contributions of Climate Networks 98
5.3 Swedish Climate Networks 100
5.3.1 Overview of Climate Networks 100
5.3.2 Expectations 102
5.4 Methods 104
5.5 How Climate Networks Are Perceived to Affect Sweden's Decarbonization 105
5.5.1 Main Driving Force of Decarbonization in Sweden 105
5.5.2 Different Types of Governance Compared 106
5.5.3 Motivations for Joining Climate Networks 107
5.5.4 Impact of Climate Networks 108
5.5.5 Recognition of Climate Networks 109
5.5.6 Perceptions of Effectiveness 111
5.6 Discussion and Conclusions 114
References 117

6 All Aboard? Inclusiveness in Collaborative Governance among Swedish Municipalities 119
6.1 Introduction 119
6.2 How Municipalities Play a Role in Sweden's Transformation toward a Fossil-Free Welfare State 120
6.2.1 Climate Networks as Collaborative Governance 122
6.2.2 Research Approach 125
6.3 The Landscape of Municipal Emissions and Voluntary Commitments in City Networks 125
6.3.1 Participation by Municipalities in City Networks 126
6.3.2 Greenhouse Gas Emissions by Swedish Municipalities 129
6.4 Swedish Municipalities' Climate Action and Its Implication for Decarbonization 130
6.4.1 The Patchy Landscape of Municipal Climate Action 130
6.4.2 The Political Consequences of Unequal Contributions 133
6.5 Conclusion: Advancing Action and Capturing Momentum 134
References 135

7 Zeroing In on Cities: The Politics of Aspiration and Delay in Net-Zero Emission Targets of Swedish Municipalities 139

Downloaded from https://www.cambridge.org/core. UNIVERSIDAD AUTONOMA METROPOLITANA, on 15 Nov 2026 at 09:25:46, subject to the Cambridge Core terms of use, available at https://www.cambridge.org/core/terms. https://doi.org/10.1017/9781009301558

7.1 Introduction 139
7.2 Methods and Material 141
7.3 What Makes a Good Net-Zero Emissions Target? 143
7.3.1 Definition 144
7.3.2 Scope 145
7.3.3 Residual Emissions 146
7.4 The Heterogenous Landscape of Net-Zero Emission Targets in Swedish Municipalities 147
7.4.1 Definition 148
7.4.2 Scope 150
7.4.3 Residual Emissions 152
7.5 A Motley Crew of Net-Zero Emission Targets: Politics of Aspiration or Delay? 154
7.6 Conclusions 157
References 158

8 In the Shadow of an Oil Refinery: Narrating Just Transitions in the City of Lysekil 161
8.1 Introduction 161
8.2 Just Transition: A Concept with Multiple Meanings 163
8.3 Narrating Just Transitions: Method and Material 165
8.4 The Preemraff Controversy: Setting the Scene 168
8.5 Contending Stories of Climate (In)justice 170
8.5.1 The Distributive Story: Producers Are Not to Blame 171
8.5.2 The Procedural Story: No Transition without Recognition 173
8.5.3 The Ecological Story: Protecting the Rights of Nature 175
8.6 Conclusion 176
References 178

9 Turning a Crisis into an Opportunity? How Swedish Climate Networks Navigate through Crisis 182
9.1 Introduction 182
9.2 Sweden's Response to COVID-19 in a Collaborative Setting 184
9.3 The Effects of a Crisis: COVID-19 and Climate Change Mobilization 184
9.4 Methods and Material 186
9.5 Navigating through a Crisis: Swedish Climate Networks and Their Response to COVID-19 187
9.5.1 How COVID-19 Has Affected Swedish Climate Networks 187
9.5.2 Responding to the Pandemic: Goals, Arguments, and Strategies 190

Downloaded from https://www.cambridge.org/core. UNIVERSIDAD AUTONOMA METROPOLITANA, on 15 Nov 2026 at 09:25:46, subject to the Cambridge Core terms of use, available at https://www.cambridge.org/core/terms. https://doi.org/10.1017/9781009301558

9.5.3 Framing COVID-19 in Swedish Climate Politics: Risk or Opportunity? 192
9.6 Discussion 193
9.7 Conclusion 196
References 197

10 The State and Collaborative Climate Governance: Prospects and Limitations 201
10.1 Introduction 201
10.2 Multiple Interactions between the State and Non-state Actors 204
10.3 Limits and Prospects of Collaborative Climate Governance 207
10.4 Going beyond Sweden and Avenues for Future Research 210
References 216
