

PFGE- the BENEFITS ARE clear.

✓ better epidemiology

PFGE analysis provides critical information to surveillance programs and investigations.

✓ cost effective

Definitive results mean cost savings in staff time, antibiotics, and patient isolation.

✓ easy to adopt

The GenePath System includes preprogrammed instrumentation, software and complete reagent kits.

✓ includes service, support, training

Bio-Rad offers expert technical support and extensive user training.

Let Bio-Rad show you how easy and cost effective PFGE strain typing can be. For more information or to locate a laboratory performing PFGE strain typing in your area, contact us at 1-800-2BIORAD or PFGEinfo@bio-rad.com.

Not FDA approved for *in-vitro* diagnostics use.
