America's Growing Urge to Sue

The Litigious Society

Jethro K. Lieberman

Investigating America's growing urge to sue, the Legal Affairs Editor of *Business Week* uncovers the causes, and consequences, of what has become a legal epidemic.

Jethro K. Lieberman focuses on the major areas in which litigation has mushroomed in recent years—suits to compensate for defective products, medical malpractice suits, environmental litigation, suits that challenge the practices of institutions like mental hospitals, and, increasingly, suits against government employees. Cleanly written, meticulously researched, and "highly recommended."—*Library Journal* $13.95

A "Brilliant" Judicial Biography

The Enigma of Felix Frankfurter

H.N. Hirsch

Concentrating on the personality of the man as a key to understanding the judge, *The Enigma of Felix Frankfurter* explores how the liberal activist became the conservative jurist, and how the charming, gregarious young lawyer became the embittered and isolated Supreme Court Justice.

"A brilliant and sure-to-be controversial judicial psychobiography . . . invaluable."—Alan M. Dershowitz, *New York Times Book Review*

"Provocative . . . Felix Frankfurter was, in turns, arrogant, cunning, vindictive, and manipulative, and these traits are vividly illustrated."—James F. Simon, *Washington Post Book World* (front page) $14.95

Women in the Law

Cynthia Fuchs Epstein

A fascinating new study of women lawyers, examining their careers from law school applications through advancement within the legal profession.

Law and Human Behavior

editor: **Bruce Dennis Sales**
University of Nebraska, Lincoln

Law and Human Behavior provides a forum for identifying and assessing the behavioral assumptions of the legal system. Since the study of human behavior spans several disciplines, the journal presents articles by people in the fields of law, psychology, sociology, criminal justice, psychiatry, political science, education, communication, and other areas concerned with the interrelationship between law and human behavior. Special issues have been devoted to such topics as attributions in the criminal justice system.
