FIGURES

1.1 China's annual foreign trade, 2001–2020 *page* 33
1.2 China's inward and outward FDI, 2001–2020 34
3.1 Synthetic China A 80
3.2 Synthetic China B 84
3.3 Average post-treatment normalized GDP gap 85
3.4 China and synthetic China 86
6.1 China's agricultural trade 2000–2020 (USD billion) 134
6.2 China's agricultural exports by product type, 2000 and 2020 135
6.3 China's per capita meat consumption and income, 1961–2018 139
6.4 Wheat prices (USD/tonne) 144
6.5 China's stocks of corn, cotton, rice, and wheat (measured in days of use) 145
6.6 China's Producer Support Estimate (PSE) as a percent of the value of agricultural production 146
6.7 China's agricultural imports, change from 2019 to 2020 154
9.1 Patterns of coalition partners in Chinese submissions in the WTO Trade Negotiating Committee and its sub-groups (2001–2019) 212
9.2 To what extent do you feel that China's negotiating positions in the WTO overlap with the interests of developing countries? 215
9.3 To what extent do you feel that Chinese negotiating positions during the Doha round were informed by historical roles that reaffirm the importance of South-South cooperation? 215
11.1 Top users of the WTO dispute settlement system 253
13.1 Globalization losers and support for EU PTA vs. China PTA 314
13.2 Support for EU PTA vs. China PTA among low-status individuals 315
13.3 Partisan orientation and support for EU PTA vs. China PTA 315
14.1a U.S. responses to different countries 344
14.1b Australian responses to different countries 345
14.1c German responses to different countries 346
14.2a Differences U.S. responses Treatment*Partner 347
14.2b Differences Australian responses Treatment*Partner 347
14.2c Differences German responses Treatment*Partner 347
14.3a U.S. predicted responses to Policy*Alliance 349
14.3b Australian predicted responses to Policy*Alliance 349

14.3c German predicted responses to Policy*Alliance 349
14.4a Ally-Adversary perception of U.S. citizens 352
14.4b Ally-Adversary perception of Australian citizens 352
14.4c Ally-Adversary perception of German citizens 353
15.1 China has become an exporting and importing powerhouse 363
15.2 China has consistently generated trade surpluses this century 364
15.3 A steady stream of WTO dispute settlement cases have been brought against China 365
15.4 By a large margin, the United States has brought the most dispute settlement cases against China 365
15.5 Over time a growing number of dumping and countervailing duty investigations have been initiated on products exported from China 368
15.6 The growing shares of Chinese manufactured exports facing unilateral measures in trading partners 369
15.7 Thirty percent of Chinese manufactured exports face three or more trade-related hurdles in foreign markets 371
15.8 Large shares of Chinese exports faced hurdles in the U.S. market before President Trump took office 372
15.9 Market access impairment in the EU is longstanding 372
15.10 The hurdles erected to Chinese exports in its own region cover proportionally less trade than those erected in the EU and the U.S. 373
15.11 Targeting Chinese exports has become more common during the past decade 375
15.12 Chinese goods exports are more exposed to market access curbs in trading partners than exports from other nations 377
19.1 Chinese IIAs signed per year and cumulatively, 1982–2017 455
21.1 Chinese greenfield FDI, 2010–2020 500
21.2 Top ten recipients of Chinese greenfield FDI, 2010–2020 502
21.3 Chinese greenfield FDI by sector, 2010–2020 503
21.4 Chinese greenfield FDI activities, 2010–2020 504
21.5 Chinese greenfield FDI by region, 2010–2020 506
21.6 Longitudinal trends in Chinese FDI by region 507
21.7 Map of Chinese greenfield FDI, 2010–2020 509
