The Bulletin of Symbolic Logic
Volume 31, Number 2, June 2025

NOTICES

- 2025 Sacks Prize. The ASL invites nominations for the 2025 Sacks Prize for the most outstanding doctoral dissertation in mathematical logic. Nominations must be received by September 30, 2025. The Sacks Prize was established to honor the late Professor Gerald Sacks of MIT and Harvard for his unique contribution to mathematical logic, particularly as adviser to a large number of excellent Ph.D. students. The Prize was first awarded in 1994 and became an ASL Prize in 1999. The Fund on which the Prize is based is now administered by the ASL and the selection of the recipient is made by the ASL Committee on Prizes and Awards. The Sacks Prize will consist of a cash award plus five years free membership in the ASL. For general information about the Prize, visit http://aslonline.org/other-information/prizes-and-awards/. Anyone who wishes to make a nomination for the 2025 Sacks Prize should consult the webpage http://aslonline.org/other-information/prizes-and-awards/sacks-prize-recipients/sacks-prize-nominations/ for the precise details of the application process. A brief summary of the procedure is provided here.

  Students who defend their dissertations (equivalent to the American doctoral dissertation) between October 1, 2024, and September 30, 2025, are eligible for the Prize this year. This is an international prize, with no restriction on the nationality of the candidate or the university where the doctorate is granted. Nominations should be made by the thesis advisor, and consist of: name of student, title and 1–2 page description of dissertation, date and location of the thesis defense, letter of recommendation from the advisor, an electronic copy of the thesis in pdf form or the address of a website from which an electronic copy in pdf form can be downloaded, and an independent second letter of recommendation. Nominations and questions about the Prize should be sent to the Committee Chair, Jouko Väänänen; pdf files sent as attachments by email to jouko.vaananen@helsinki.fi are preferred. The form of such letters and other pertinent details can be found at the website above and need to be read prior to submitting a nomination.

  Those wishing to contribute to the Sacks Prize Fund may send contributions to the ASL Business Office (ASL, Dept. of Mathematics, Univ. of Connecticut, 341 Mansfield Road, U-1009, Storrs, CT 06269-1009, USA). All such contributions are tax-deductible within the USA.
- Open-Access Options for ASL Journals. Authors of research articles in logic, who may wish to consider submitting those articles to the *Bulletin of Symbolic Logic*, the *Journal of Symbolic Logic*, or the *Review of Symbolic Logic*, should be aware that these journals now offer the option of open-access publication. Indeed, many universities now have contracts with Cambridge University Press, our publisher, that allow their researchers to publish open-access articles at no charge. These are often called *read-and-publish agreements* or *transformative agreements*.

  All three journals are now hybrid. They still accept article submissions exactly as before, and they will still publish accepted articles just as before if the author does not opt for open access. However, for authors with mandates to publish open-access articles (or who simply prefer to do so), this option is also available. Details

appear at https://www.cambridge.org/core/services/open-access-policies. To ascertain whether your university has an agreement as described above, use https://www.cambridge.org/core/services/open-access-policies/read-and-publish-agreements.

- Call for Conference Proposals. The Committee on Logic in Europe seeks proposals for hosting the Logic Colloquium in early summer 2026. Inquiries should be sent promptly to Andrew Arana, the Chair of the Committee on Logic in Europe, at andrew.arana@univ-lorraine.fr.

  The ASL Committee on Logic in North America requests proposals for the 2027 ASL North American Annual Meeting, to be held some time during the first five months of 2027. The committee seeks a university somewhere in North America and a local committee to host the meeting and handle the local arrangements.

  The ASL North American meetings ordinarily cycle geographically between midwest (Ames, IA 2024), west (Las Cruces, New Mexico 2025), and east (Philadelphia, PA 2026). Thus, for 2027, the committee seeks a location in the midwest. However, any reasonable proposal will be considered. For more information, interested parties should contact Dima Sinapova, the Committee Chair (email: dima.sinapova@rutgers.edu), ideally no later than June 30, 2025.
- Student Travel Awards: ASL and ASL-Sponsored Meetings. Student members of the ASL may apply for travel grants to ASL and ASL-sponsored meetings, as identified in the listings below. To be considered for a travel award, please (1) send a letter of application, and (2) ask your thesis supervisor to send a brief recommendation letter. The application letter should be brief (preferably one page) and should include: (1) your name; (2) your home institution; (3) your thesis supervisor's name; (4) a one-paragraph description of your studies and work in logic, and a paragraph indicating why it is important to attend the meeting; (5) your estimate of the travel expenses you will incur; and (6) (voluntary) indication of your gender and minority status. Women and members of minority groups are strongly encouraged to apply. Application by email is encouraged; put "ASL travel application" in the subject line of your message.

  The 2025 North American meeting has finished, and the deadline for the 2025 Logic Colloquium has passed. For all other ASL and ASL-sponsored meetings, student membership in the ASL is a prerequisite for travel grant applications. Applications and recommendations should be submitted via email to asl@uconn.edu or to the ASL Business Office (ASL, Dept. of Mathematics, Univ. of Connecticut, 341 Mansfield Road, U-1009, Storrs, CT 06269-1009, USA). They must be received at least three months prior to the start of the meeting. Decisions will be communicated at least two months prior to the meeting.

  Official ASL meetings include the Logic Colloquium, the North American Annual Meeting, the Simposio Latino Americano de Lógica Matemática, the Asian Logic Conference, the ASL Winter Meeting, and the ASL-APA annual joint meeting. Many other logic meetings are sponsored by the ASL; these are identified as such in the list of upcoming meetings that appears below.
- ASL Sponsorship of Meetings. The ASL often sponsors research meetings and conferences in logic, all over the world. Sponsorship is granted to those meetings that uphold high standards of scholarship and rigor and whose purpose is in concert with the mission of the ASL. Student members of the ASL may apply to the ASL for travel support to attend sponsored meetings, as described above, and a report on each sponsored meeting subsequently appears in the *Bulletin of Symbolic Logic*. Meeting organizers who are ASL members and wish to request ASL sponsorship of their meetings should do so at least five months before the beginning of the meeting, following the instructions at http://aslonline.org/sponsorship-of-meetings/.

https://doi.org/10.1017/bsl.2025.10104 Published online by Cambridge University Press

- Rules for Abstracts. The rules for abstracts of contributed talks (including those submitted "by title") at the ASL meetings listed below may be found at http://aslonline.org/rules-for-abstracts/. Please note that abstracts *must* follow the rules as set forth there; those which do not conform to the requirements will be returned immediately to the authors who submitted them. Revised abstracts that follow the rules will be considered if they are received by the announced deadline.
- Logic Colloquium (European Summer Meeting) *July 7–11, 2025, Vienna, Austria* The 2025 Logic Colloquium will be hosted by the Technische Universität Wien. J. Bagaria will deliver the 2025 Gödel Lecture. B. Afshari, U. Buchholtz, T. Colcombet, S. Gandon, P. Lutz, M. Malliaris, S. Shelah, B. Siskind, and S. Smets will also give plenary talks, and D. Sinapova and H. Towsner will present tutorials. The meeting will include special sessions (with organizers in parentheses) in Computability (L. Bienvenu & P. Shafer); Condensed Math (J. Bergfalk & C. Lambie-Hanson); Model Theory (J. Kirby & A. Martin-Pizarro); Philosophy (V. De Risi, J. Kennedy, & D. Rabouin); Proof Theory (M. Baaz & S. Hetzel); and Set Theory (V. Fischer, A. Panagiotopoulos, & F. Schlutzenberg).

  The Program Committee consists of J. Aguilera, M. Bojańczyk, N. Gambino, N. Gierasimczuk, R. Iemhoff, J. Kennedy (chair), S. Müller, D. Palacin, L. Patey, and A. Villaveces. The Organizing Committee is chaired by J. Aguilera and co-chaired by M. Baaz. Updated information is available online at https://www.colloquium.co/lc2025. Also see below the details of the Shelah birthday conference, to be held the following week in the same location.
- Asian Logic Conference *September 8–12, 2025, Kyoto, Japan*. The biennial Asian Logic Conference, an official ASL meeting, will be held at Kyoto Sangyo University. Plenary talks will be given by A. Chernikov, S. Gao, F. Liu, T. Nemoto, K. Terui, and D. Turetsky. The Program Committee includes M. Banerjee, L. Ding, N. Greenberg, T. Kihara, K.M. Ng, D. Raghavan, K. Sano, K. Takeuchi, T. Usuba, and K. Yokoyama (chair). The Organizing Committee consists of J. Brendle (co-chair), S. Katsumata, A. Kawamura, M. Kikuchi, S. Kobayashi, H. Miyoshi (co-chair), and K. Yokoyama. For full information, see https://www2.kobe-u.ac.jp/~brendle/alc2025/main.html.
- Model theory of tame expansions of topological fields *May 21–23, June 23–26, & July 14–18, 2025, Naples, Italy*. This series consists of three events: a mini-workshop in May, a summer school in June, and a conference in July, all at the University of Naples Federico II. They will focus on tame real analytic functions, quasiminimal expansions of algebraically closed fields, tame differential algebra, and valued fields and Hensel-minimality. The organizers are S. Eterović, A. Fornasiero, S. L'Innocente, V. Mantova, O.L. Sánchez, and G. Terzo. More details appear at https://naplesmodeltheory2025.github.io/. (ASL Sponsored Meeting.)
- Computability, Complexity, and Randomness *June 16–20, 2025, Bordeaux, France*. This year's edition of CCR will be colocated with the annual meeting of the French community in computability and related topics ("Journées Calculabilités"). The focus is mainly on algorithmic information theory, randomness, and their impact on mathematics. The invited speakers are E. Mayordomo, J. Miller, K. Miyabe, R. Santhanam, and A. Sorbi, and the Program Committee is co-chaired by L. Bienvenu and P. Shafer. For more details see https://ccr2025.sciencesconf.org/ (ASL Sponsored Meeting.)
- Graduate Logic Summer School *June 30–July 18, 2025, Singapore*. The Institute for Mathematical Sciences and the National University of Singapore will present this summer school for graduate students and postdocs interested in logic. A. Pillay, T. Slaman, and H. Woodin will each deliver one week of lectures. For further details please see https://ims.nus.edu.sg/events/sslogic2025/.

https://doi.org/10.1017/bsl.2025.10104 Published online by Cambridge University Press

- 30th Workshop on Logic, Language, Information and Computation *July 14–17, 2025, Porto, Portugal*. WoLLIC is an annual international forum on interdisciplinary research involving formal logic, computing and programming theory, and natural language and reasoning. WoLLIC 2025 will be hosted by the Department of Computer Science in the Faculty of Sciences of the University of Porto. The Programme Committee is chaired by D. Kozen, while S. Alves and M. Florido co-chair the Organizing Committee. More information is available through https://wollic2025.github.io/. (ASL Sponsored Meeting.)
- Shelah 80th Birthday Conference and VOrST *July 14–18, 2025, Vienna, Austria*. There will be a two-day birthday conference for Saharon Shelah in Vienna on July 14-15, followed by an informal workshop officiated by the celebrant in the role of "Vienna Oracle of Set Theory" (July 16–18). Details, including the list of speakers, appear at https://www.dmg.tuwien.ac.at/fb8/2025_Shelah.html. The organizers are M. Goldstern and J. Kellner. The conference is preceded by the 2025 Logic Colloquium (July 7–11; see above).
- Computability in Europe *July 14–18, 2025, Lisbon, Portugal*. CiE 2025 will take place on the campus of the Faculdade de Ciências of the Universidade de Lisboa. Tutorials will be offered by M. Bonacina and I. Oliveira, and the invited speakers are U. Dal Lago, D. Graca, E. Komendantskaya, K.M. Ng, P. Oliva, and A. Sokolova. Special sessions are planned in Computable Analysis and Topology; Computability Aspects of Descriptive Set Theory; Human-Centered AI; Proof Complexity and SAT; Proof Theory; and Quantum Computing. A. Beckmann and I. Oitavem chair the Programme Committee. For details please visit https://sites.google.com/view/cie2025-computabilityineurope/home. (ASL Sponsored Meeting.)
- Logic, Algebra, and Truth Degrees *July 21–25, 2025, Siena, Italy*. The LATD conference series fosters collaboration between researchers in algebraic logic and related areas, including proof theory, computational complexity, and modal formalisms. At this year's meeting, invited talks will be given by M. Busaniche, M. Droste, W. Fussner, M. Girlando, and T. Kowalski. The Program Committee consists of P. Aglianò, G. Metcalfe, S. Negri, C. Noguera, A. Palmigiano, A. Přenosil, S. Ugolini, and A. Vidal. Please visit https://www.congressi.unisi.it/latd25/ for more details. (ASL Sponsored Meeting.)
- Conference for Jörg Brendle's 60th birthday *September 1–5, 2025, Kobe, Japan*. This conference is organized by D. Mejía, H. Minami, H. Sakai, and T. Yorioka, and will be held at Kobe University during the week immediately before the Asian Logic Conference in Kyoto (see above). Updated information is available at https://sites.google.com/view/brendle60/. (ASL Sponsored Meeting.)
- Journées sur les Arithmétiques Faibles (Weak Arithmetics Days) *September 8–10, 2025, Prague, Czech Republic*. JAF 44 will be hosted by the institute of Mathematics of the Czech Academy of Sciences. As always, it focuses on proofs in arithmetic with restricted axiom sets. Invited talks will be given by A. Atserias, L. Kołodziejczyk, and J. Krajíček. The deadline for abstracts for contributed talks has been extended to July 7, 2025. For more information, please see https://workshop.math.cas.cz/JAF44/.
- Young Set Theory 2025 *September 8–12, 2025, TU Wien, Vienna, Austria*. This meeting is aimed at young researchers in set theory, offering tutorials by J. Kennedy, C. Lambie-Hanson, P. Lücke, and F. Schlutzenberg, in addition to plenary talks by C. Agostini, B. De Bondt, A. Fatalini, S. Thei, and J. Zhang. The Organizing Committee is chaired by J. Aguilera and M. Iannella. More information is available at https://www.colloquium.co/yst2025. (ASL Sponsored Meeting.)

https://doi.org/10.1017/bsl.2025.10104 Published online by Cambridge University Press

- Polish Congress of Logic *September 22–26, 2025, Toruń, Poland*. This meeting is to be hosted by the Nicolaus Copernicus University in Toruń. It will include workshops and symposia on Relating Logic; Mechanisms and Causes; Languages and Logics of Syllogistics; and Non-Fregean Logics. Further details will be available at https://logika.net.pl/pcl/.
- CICM & LSFA *October 6–11, 2025, Brasilia, Brazil*. The 18th Conference on Intelligent Computer Mathematics (CICM 2025) and its satellite event, the 20th Symposium on Logical and Semantic Frameworks with Applications (LSFA 2025), will take place in Brasilia. Details are available at https://cicm-conference.org/2025/cicm.php and https://lsfa-workshop.github.io/2025/. (ASL Sponsored Meeting.)
- 10th International Conference on Logic, Rationality and Interaction *October 16–19, 2025, Xi'an, China*. The International LORI conference series aims at bringing together researchers working on a wide variety of logic-related topics that concern the understanding of rationality and interaction. The series also aims at fostering a view of logic as an interdisciplinary endeavour and supports the creation of an East Asian community of interdisciplinary researchers. LORI-10 will be held at Xi'an Jiaotong University in Xi'an, China, on October 16-19, 2025. The PC chairs are V. Goranko and C. Shi, and the Organising Committee chairs are X. Ding and W. Wang. For more detailed information and the call for papers, visit golori.org/lori2025/.
- 2025 Annual Meeting of the Australasian Association for Logic *November 3–7, 2025, Brisbane, Australia*. The annual conference of the AAL will be held in a hybrid format, with its in-person activities at the University of Queensland. The invited speakers will include M. Jackson, A. Melnikov, A. Nies, and D. Pattinson, and the organizing committee consists of G. Badia, S. Rubin, T. Kowalski, and S. Standefer. Abstracts of contributed talks may be submitted until September 5, 2025. Please see the details available at https://sites.google.com/view/aalogic/aal-conference-2025?authuser=0. (ASL Sponsored Meeting.)
- Ph.D. Abstracts in the Bulletin of Symbolic Logic. Since 2018, the *Bulletin of Symbolic Logic* has published abstracts of recent doctoral theses in logic. For further information, or to inform the editor of a newly completed dissertation for inclusion, see http://aslonline.org/journals/the-bulletin-of-symbolic-logic/logic-thesis-abstracts-in-the-bulletin-of-symbolic-logic/. Sandra Müller is the editor for this section of the *BSL*.
- New ASL Books. To see new books in the ASL's *Lecture Notes in Logic* and *Perspectives in Logic* series, visit http://aslonline.org/books/lecture-notes-in-logic/ for LNL volumes and http://aslonline.org/books/perspectives-in-logic/ for Perspectives volumes.
- Discounted Dues for New ASL Individual Members. The ASL offers a 50% discount on dues for new individual members during each of the first two years of membership. Visit http://aslonline.org/membership/individual-membership/ for more information.
- Emeritus and Retired ASL Individual Membership. The ASL offers retired individual members two membership options. Emeritus membership includes all the privileges of regular individual membership and is available to retired individuals who have been members of the ASL for 15 years. The dues for Emeritus membership for 2025 are US$57. The privileges attached to Retired membership include the ASL Newsletter and the right to vote in ASL elections, but do not include subscriptions to the ASL journals. Retired membership is offered to retired individuals who have been members of the Association for 20 years and is free. For more information about both options, visit http://aslonline.org/membership/.

https://doi.org/10.1017/bsl.2025.10104 Published online by Cambridge University Press

- Free Individual ASL Membership Program for Individuals in Developing Economies. The ASL invites applications for an initial two-year free membership in the Association for new and lapsed members from countries classified as developing economies. The list, which can be found at https://aslonline.org/membership/world-bank-list/ includes Brazil, Bulgaria, China, Colombia, India, South Africa, and many other countries classified as "upper middle income" or below on the World Bank's annual list for four of the last five years. To apply, please send an email to the ASL Committee on Membership at asl-membership@googlegroups.com. Include your name, full mailing address, and your academic affiliation. Full information about the ASL and membership benefits is available at http://aslonline.org/membership/individual-membership/. After the initial two-year period new members under this program will pay the reduced membership dues, US$18 for 2024, as long as their country of residence is on the ASL's list of developing economies.
- Reduced Dues for Individuals and Institutions in Developing Economies. The ASL offers reduced dues for individuals and institutions in developing economies. For 2025, the reduced dues are US$18 for individuals and US$130 for institutional basic membership, US$180 for institutional full membership. These dues apply to individuals and institutions residing in countries whose economies are classified as "upper middle income" or below on the World Bank's annual list for four of the last five years. For further information, visit http://aslonline.org/membership/individual-membership/ or contact the ASL Business Office: ASL, Dept. of Mathematics, Univ. of Connecticut, 341 Mansfield Road, U-1009, Storrs, CT 06269-1009, USA; tel: +1-860-486-3989; fax: +1-860-486-4238; email: asl@uconn.edu.
