Grammar

Portuguese verbs explained. This reference book with accompanying exercises is suitable for self-study or in a class. It includes explanations in everyday Portuguese and in English, as well as comparisons between Portuguese and English grammatical systems. There are verb tables, a vocabulary list and a key to exercises. Manuela Cook. Able Publishing 2004. ISBN 1903607531.

Research

Prosodic typology: the phonology of intonation and phrasing. This comprehensive work examines the intonation and prosodic structure of thirteen typologically different languages, using the same theoretical framework. It introduces the history and principles of the autosegmental-metrical model of intonational phonology. It includes a CD-rom illustrating the sounds mentioned in each chapter. Sun-Ah Jun (Ed.). Oxford University Press 2005. ISBN 0199249636.
