Books and materials received

Teaching

The special educational needs series. This series consists of a range of books intended for teachers and SENCOs. Each book deals with a specific educational need: titles include Able gifted and talented, ADHD, Dyslexia, Dyspraxia, Emotional and behavioural difficulties, Language and communication difficulties, Profound and multiple learning difficulties, Surviving and succeeding in SEN, Visual needs. Books have various authors/ISBNs and all are published by Continuum, 2005.

Research

Analysing Learner Language. This book provides a clear and accessible introduction to the main methods of analysing samples of written and oral learner language. It examines the theoretical and research bases for the different methods of doing this and serves as an introduction to the field of SLA. It also provides full examples of methods and tasks for readers to practise them. Rod Ellis and Gary Barkhuizen. OUP, 2005. ISBN 0-19-431634-3.

Varieties of modern English: an introduction. This book is suitable for undergraduate and postgraduate students, and includes activities and comments. Its focus is on the development of social and geographical varieties of the language. It explores such perspectives as ethnicity, gender, English in the media, English and power, English and global relations. Diane Davies. Pearson Education 2005. ISBN 0582369967.
