In the article published last year [1], the following inequalities should be in the opposite direction:

- equation (3.1) on page 435,
- lines 1 and 9 on page 436, and
- equation (3.7) on page 437.

That is, all inequalities mentioned above should be corrected to

$$(X_1, X_2) \overset{uo\text{-}disp}{\geqslant} (X_1^I, X_2^I).$$
