Report of Council Proceedings

DR. MONRO, General Secretary, read the following report:

'Council met yesterday afternoon.

The Petition Committee reported that all the documents in connection with the Petition had been redrafted by Counsel in what was hoped to be their final form. These documents had been submitted to the Charity Commissioners, in whose hands they now were, and it was hoped that they might be circulated to all members early in the new year prior to holding an Adjourned Annual General Meeting to consider the documents.

The Special Committee (Court of Electors) reported that they had formed a Joint Working Party with members of the Education Committee's Sub-Committee on Manpower. This would expedite the work necessary before accreditation of posts could proceed. This Joint Working Party had also been asked to consider all matters concerned with training programmes and to submit proposals to Council for a Joint Committee on Higher Psychiatric Education.

Council considered a letter from Dr. Baker, recently appointed Director of the Hospital Advisory Service. Council reconstituted the Special Committee which had already prepared a memorandum on this subject and asked them to report back to Council in February (following, presumably, meetings with Dr. Baker).

Council considered the situation created by the proposal of the Department of Health and Social Security to replace Superannuation Regulations by Rules. A statement of the possible advantages and disadvantages had been prepared by the Parliamentary Committee. Council learned, however, that the B.M.A. had decided to oppose absolutely the Department's proposals. Council agreed to express their complete support for the B.M.A.

Council were pleased to learn that it had been possible to renew the lease of the premises at Chandos House for a further three years with the possibility of extension for two years beyond that.

The Editor-in-Chief reported that the Special Publications were doing well. The first two had sold sufficient copies to be returning a profit. The third had almost broken even so far, and the fourth and fifth were in the process of publication.

The Education Committee announced that the Registrar was organizing a course of Maudsley Bequest lectures in February. The Films Sub-Committee announced that new prints were being made of the R.M.P.A.'s films in the B.M.A. Film Library, and expressed their gratitude to Geigy Ltd for meeting the cost.

There was discussion of memoranda which had been submitted to the Education Committee on criteria for the accreditation of posts and on the topic of training programmes. Council agreed that the widest discussion of these topics should be encouraged, and the Papers and Discussions Committee had agreed that one session at the February Meeting should be devoted to this subject. The Papers and Discussions Committee also agreed to devote one session at the May Meeting to discussion on the topic of co-operation between different disciplines dealing with psychiatric treatment.

Council agreed to the proposals of the Parliamentary Committee to encourage discussions jointly with the B.M.A. and the Society of Medical Officers of Health on the question of the organization of the Health Service with special reference to social aspects.

Council also resolved to press for psychiatric representation on committees appointing senior nursing officers of Groups. It was also agreed that there should be a small liaison committee to ensure continuous exchange of information between the R.M.P.A. and the N.A.M.H.

Council agreed to the Scottish Division's request to

https://doi.org/10.1192/S0007125070307931 Published online by Cambridge University Press

form a Scottish Section of Psychotherapy and Social Psychiatry, which it was hoped, would maintain close liaison with the Association's Psychotherapy and Social Psychiatry Section.

Council considered a request from the Northern and Midland Division to make a statement about the payments which might have to be made by Fellows, Members and Affiliates of the College. It was pointed out that these figures were in fact published in the Programme for the Annual Meeting held at Plymouth in July, 1968; also, they would be presented once more to the Adjourned Annual General Meeting which would be held for the purpose of authorizing the submission of the Petition.

Finally, Council was pleased to congratulate Dr. Shapiro on his nomination to the Burden Research Medal and Prize Awards Committee.'

Seminars

The following Seminars, organized by the Forensic Psychiatry Sub-Committee, were presented in the morning under the Chairmanship of Dr. P. G. McGrath:

'Battered Babies'

'Pathological Aspects.' Professor F. E. Camps.
'Psychiatric Aspects.' Dr. M. N. Cox.
'Legal Considerations.' Mr. L. Blom-Cooper.

In the afternoon Dr. R. G. Priest took the Chair for the presentation of the following Seminars:

'The Place of the Psychiatric History.' Dr. John Price.

'Examination for Functional Illness.' Dr. J. L. T. Birley.

'Detection of Organic Disease.' Dr. P. B. Storey.

The following papers were read:

'Recent Research into Sleep.' Dr. Ian Oswald.

'Self Poisoning, Coma and Late Effects.' Dr. Ijaz Haider.

Maudsley Lecture

The Forty-fourth Maudsley Lecture **'Students' Strains and Stresses'** was delivered by Sir John Wolfenden. The vote of thanks was proposed by Dr. Wilfrid Warren.

Section Meetings

At the meeting of the Mental Deficiency Section Dr. J. L. Gedye read a paper entitled **'Current Developments in Educational Technology in Relation to the Habilitation and Rehabilitation of the Handicapped'.**

The following papers were read at the meeting of the Research and Clinical Section:

'Standardization of Diagnosis' by Dr. John Cooper.

'The Use of the English Glossary' by Dr. John Copeland.

'Comparisons Between the English and American Psychiatric Glossaries' by Dr. Barry Gurland and Dr. Lawrence Sharpe.

Dr. R. F. Hobson delivered his Chairman's Address entitled **'The Talking Cure, Has it a Future in Psychiatry?'** at the meeting of the Psychotherapy and Social Psychiatry Section.

At a **Symposium on Delinquency** organized by the Child Psychiatry Section papers were read by Drs. W. H. Allchin, and P. Mason, and a paper by Dr. P. H. Connell was read in his absence by Dr. Gordon. This was followed by the Section's Annual Dinner.
