This register contains references to terms, concepts and source material that are central to this book. Names, places and manuscripts are not mentioned but can be found in Indices 1 2 and 3. The terms 'priest' and 'bishop' have not been indexed, as they feature so frequently that it would serve no purpose. Naturally, aspects related to both clerical offices have been included. Page numbers in italics indicate that the indexed reference is found in the footnotes and not in the main body of the text.
