The Journal of Laryngology and Otology
January 1980. Vol. **94.** pp. 135–141

INSTRUCTIONAL SESSIONS

Austin, D. F. (U.S.A.)	The vestibular aqueduct in Menière's disease
Ballantyne, J. C. (London)	Ototoxicity
Benjamin, B. (Australia)	The causation and management of infantile stridor
Betow, Professor Ch. (West Germany)	Middle ear homografts and their long-term results
Brackman, D. (U.S.A.)	Cochlear implants
Broek, P. Van Den (The Netherlands)	Chronic epithelial hyperplasia of the larynx
Bryce, Professor D. P. (Canada)	Management of laryngeal injuries
Coles, Professor R. R. A. (Southampton)	Non-organic hearing loss
Curtin, J. McAuliffe (Dublin)	Parotid surgery
Deguine, C. (France)	Surgery of aural cholesteatoma
Douek, E. (London)	Cochlear implants
Eggermont, J. J. (The Netherlands)	Diagnostic electrocochleography
Evans, Professor E. F. (Keele)	Recent advances in cochlear physiology
Evans, J. N. G. (London) and Cotton, R. (U.S.A.)	Surgical correction of airway obstruction in infants
Fisch, Professor U. (Switzerland)	Total reconstruction of the ossicular chain
Fouad, Professor H. (Egypt)	Nasal angiofibroma
Freeman, P. (Australia)	Management of labyrinthine fistulae
Garcia-Ibanez, E. (Spain)	Vestibular nerve section (middle fossa approach)
Gibb, A. (Dundee)	Tympanosclerosis
Glasscock, M. E. (U.S.A.)	Glomus jugulare tumours
Goodey, R. J. (New Zealand)	Tinnitus
Goodhill, V. (U.S.A.)	Special problems in stapes surgery
Goodman, Professor W. S. (Canada)	External rhinoplasty
Gristwood, R. E. (Australia)	Art of repair of tympanic membrane perforations
Hamersma, Professor H. (R.S.A.)	Osteopetrosis and other metabolic diseases affecting the temporal bone
Harrison, Professor D. F. N. (London)	Reparative surgery for antro-ethmoid tumours
Heeneman, H. (Canada)	The parapharyngeal space
Hibbert, A. J. (G.B.)	Adenoidectomy—reappraisal of indications and results

https://doi.org/10.1017/S0022215100088587 Published online by Cambridge University Press

Holmqvist, J. (Sweden)	Middle ear ventilation in middle ear surgery
Jansen, C. (West Germany)	Physics in reconstructive middle ear surgery
Jones, H. Morus (Bradford)	Acute epiglottitis
Kerr, Professor A. G. (Belfast)	Biomedical materials in the ear
Khechinashvili, Professor S. (U.S.S.R.)	Brain stem evoked responses
Kleinsasser, Professor O. (West Germany)	Endolaryngeal microsurgical procedures —indications and techniques
Krause, Professor C. J. (U.S.A.)	Reconstructive surgery following malignancy
Johnsson, Professor Lars G. (U.S.A.)	Human inner ear pathology by microdissection and surface preparation
Ludman, H. (London)	Facial spasm
McCabe, Professor B. F. (U.S.A.)	Vestibular physiology in understanding the dizzy patient
Maran, A. G. D. (Edinburgh)	Congenital neck lumps
Marquet, Professor J. (Belgium)	Otosclerosis
May, M. (U.S.A.)	The facial nerve
Michaels, Professor L. (London)	Problems in head and neck tumour pathology
Millar, H. (Australia)	Hypophysectomy for pituitary tumours
Morrison, A. W. (London)	How to miss an acoustic neuroma
Mygind, N. (Denmark)	Nasal allergy
Palva, Professor T. (Finland)	Obliteration of the mastoid cavity and reconstruction of the canal wall
Plester, Professor D. (West Germany)	Fluctuant hearing loss
Portmann, Professor M. (France)	Surgery of acoustic neuroma
Pracy, R. (London)	Problems in decannulation in children
Ranger, Sir Douglas (London)	Pharyngolaryngectomy
Richards, S. (Cardiff)	Hypophysectomy for pituitary tumours
Schindler, R. (U.S.A.)	Cochlear implants
Schuknecht, Professor H. (U.S.A.)	1. Deafness of ageing 2. Surgery for congenital ossicular anomalies
Sellars, S. L. (R.S.A.) and Beighton, Professor P. (R.S.A.)	Congenital Deafness in (South African) children
Shea, J. (U.S.A.)	Sudden deafness
Sheehy, J. L. (U.S.A.)	Management of ossicular problems
Silverstein, H. (U.S.A.)	Transmeatal transcochlear eighth nerve section
Smith, Mansfield (U.S.A.)	Management of the open mastoid cavity

https://doi.org/10.1017/S0022215100088587 Published online by Cambridge University Press

Smyth, G. D. L. (Belfast)	Progressive sensorineural loss following stapes surgery
Snow, Professor G. B. (The Netherlands)	Mandibular reconstruction after cancer surgery
Sprinkle, Professor M. (U.S.A.)	Tumour immunology
Stell, Professor P. M. (Liverpool)	Principles of skin flaps
Strong, Professor M. S. (U.S.A.)	Benign lesions of the oral cavity
Tonkin, J. (Australia)	Small dosage ultrasound for Menière's disease
Tos, M. (Denmark)	Pathology and pathogenesis of chronic secretory otitis
Walter, C. (West Germany)	Corrective and reconstructive procedures of the auricle
Webster, J. C. (U.S.A.)	Intra-temporal causes of facial nerve paralysis
Wentges, R. Th. R. (The Netherlands)	Assessment of nasal function
Williams, R. A. (London)	Hypophysectomy for pituitary tumours
Wolfowitz, B. (R.S.A.)	Cysts of the nasal cavity and paranasal sinuses
Wright, W. K. (U.S.A.)	Complications and unusual problems in otolaryngology—avoidance and correction

https://doi.org/10.1017/S0022215100088587 Published online by Cambridge University Press

FILMS

Apte, N. K.	Footprints of ENT diseases in the skull.
Beales, P.	Saccotomy operation in Menière's disease.
Bennett, R. J.	Tympanomastoid re-aeration—physiological reconstruction of the mastoid avity.
Betow, Professor C.	18 years of experience in the restoration of the middle ear with homograft.
Bicknell, P. G.	Cryosurgery for allergic and vasomotor rhinitis.
	Excision of branchial fistulae by 'stripping'.
Bosch, J. and Prades, J.	Experience in the intracochlear multicanal implants.
Brain, D. J.	The closure of septal perforations with obturators.
Brown, M. J. K.	Total laryngectomy.
	Pharyngolaryngectomy with deltopectoral repair.
Chueden, H. G.	Reconstructive surgery of the middle ear with shea—TORP.
Colman, B. H.	Middle fossa neurectomy for Menière's disease.
Croft, C. B.	Nasopharyngoscopic diagnosis of palatal insufficiency.
	Obstructive sleep apnoea syndrome.
Draf, Professor W.	The reconstructive laryngectomy.
Evans, Professor E. F.	The cochlear nerve: recording with microelectrodes.
Fee, W. E.	Permanent tracheostomy.
Garcia-Ibanez, E.	The transcochlear approach.
	Translabyrinthine removal of acoustic neuromas.
Higgs, R. A.	A view from within.
Howells, Professor J. and Purwar, Professor, J.	The mast cell.
Jahnke, K. and Plester, Professor D.	Ceramic implants in middle ear surgery.
Jansen, C.	A new technique for reconstruction of the sound transmission system.
	Important characteristics of posterior tympanotamy.

https://doi.org/10.1017/S0022215100088587 Published online by Cambridge University Press

Jazbi, Professor B.	Suction tonsillectomy.
Kuzniarz, J.	A graft-free stapedectomy.
Mann, W. and Munker, G.	Functional pattern of the pharyngeal tubal orifice.
Morris, M.	Glue ear and related problems.
Nordin, U.	The mucociliary escalator impairment of the transportation system.
Portmann, Professor M.	Micro-surgery of the acoustic neuroma.
Richards, S.	Dural suture technique for hypophysectomy.
Roddie, K. and John, H. T.	Pharyngolaryngectomy and colon reconstruction. A one-stage operation.
Smyth, G. D. L.	Some aspects of the surgical treatment of vertigo.
	Surgery of the cholesteatomatous ear.
	The repair of tympanic membrane defects.
	The treatment of middle ear effusion.
	Techniques of ossicular reconstruction.
	Treatment of otosclerosis.
Steel, A.	Custom made swim moulds.
Vega, M. and Scola, B.	Surgery of laryngeal cancer with preservation of the voice.
	Commando operation.
Wadsworth, P.	Transphenoidal hypophysectomy.
	Excision of submandibular gland.
Walter, C.	Rhinoplastic corrections.
	Nasal reconstruction using composite grafts.
Williams, R. G.	An operation for the relief of nasal obstruction.

SCIENTIFIC EXHIBITS

Andrea, Professor M.	The posterior and anterior regions of the tympanic cavity and their importance in the surgery of cholesteatoma.
Apte, N. K.	A clinical study of E.N.T. diseases in the skull.
Baird, P. C.	Moments of glory: the history of medicine and medical men in Birmingham from the 18th century.
Bennett, R. J.	Tympanomastoid re-aeration: the functional reconstruction of the radical mastoid cavity.
Booth, J. B.	Comparative anatomy of the elasmobranch ear.
Booth, J. B., Morrison, A. W., Moffatt, D. A., O'Connor, A. F., and Kane, R. J.	Menière's disease: recent advances.
Browning, G. G., Gatehouse, S. G., Hardie, G. and Taylor, A.	Is hearing loss common?
Bull, T. R. and Mackay, I. S.	Septal surgery, rhinoplasty and rhinomanometry.
Carruth, J. A. S.	The use of the carbon dioxide laser in Otolaryngology.
Clifford, P., O'Connor, A. D., Calman, F., Dalley, V., Edwards, W. G. and Diffey, B.	Synchronous chemotherapy and radiotherapy in advanced head and neck carcinoma.
Crysdale, W. S.	Cranio-facial anomalies: otolaryngological problems.
Dalton, G. A.	Trans-sphenoidal hypophysectomy for pituitary tumours.
Daouk, M. N.	Photography of the ear.
Davenport, J. C., Edmondson, H. D. and Brain, D. J.	Applications of dental prosthetic techniques in Otolaryngology.
Frame, J. W. and Wake, M.	The value of computerized tomography in the diagnosis of jaw lesions.
Fraser, J. G.	Machine scoring of post-auricular muscle response.
Gibb, A. G.	Myringotomy simulator.
Gibb, A. G.	Self-retaining antral catheter for the treatment of sinusitis.

https://doi.org/10.1017/S0022215100088587 Published online by Cambridge University Press

Hamilton, A., Roberts, D. V., Stevens, A. L. and Cotton, L. T.	Diagnosis of carotid artery disease using Doppler ultrasound.
Harding, G. F. A.	The use of visual and auditory evoked potentials in clinical diagnosis.
Holborow, C. A.	Rubella deafness in West Africa.
Holden, H. B. and Fraser, I. R.	Rhinoscleroma: recent developments.
Jenkins, J.	Historical exhibits from the Barnes Library and Lunar Society.
Mason, S. M., Singh, C. B. and Gibbin, K. P.	Extra-tympanic electrocochleography.
Moran, Group Captain	Congenital deafness, yellow nail syndrome and others.
Pickard, B. H.	The frontal sinus.
Siegler, J.	Self-cleansing mastoid cavity.
Waterhouse, J. A. H.	Contributions to clinical epidemiology.
Whitfield, I. C.	Some current problems of frequency and pitch.
Wright, Ingle	Pathology in diseases in Otolaryngology.
