Current bibliography of urban history

LIZ TACEY and TIM DAVIES

This bibliography is a continuation of and a complement to those published in the *Urban History Yearbook* 1974–91 and *Urban History* 1992–2002. The arrangement and format closely follows that of previous years. There is an index of towns on p. 597. The list of abbreviations identifies only those periodicals from which articles cited this year have been taken.

I General

Research methods, aids and materials
Urban history – definitions and historiography
Urbanization
History, growth and fortunes of individual towns
Portraits of towns – literary, photographic and graphic

II Population

Research methods, aids and materials
General features of urban populations
Nationality and mortality
Disease
Medicine
Migration to, from and between towns
Population movements within towns
Family and household structure

III Physical structure

Research methods, aids and materials
Physical and structural characteristics of towns
Physical and structural characteristics of areas within towns
Industrial sites and building sites, building development
Housing
Environmental conditions

IV Social structure

Research methods, aids and materials
Social structure and characteristics of towns
Social structure and characteristics of areas within towns
Social organization, clubs and societies
Class structure
Social life
Social problems and deviance
Social reform and improvements
Minority groups
Family life

V Economic activity

Urban economic activity
Industry
External trade
Internal trade and services
Consumption
Working conditions
Labour organization

VI Communications

Inter-urban communications
Intra-urban communications

VII Politics and administration

Research methods, aids and materials
Urban politics and administration

https://doi.org/10.1017/S0963926805003445 Published online by Cambridge University Press

Urban politics at national level
Aspects of urban administration
Public utilities

VIII Shaping the urban environment

Research methods, aids and materials
Town planning (and environmental control)
Utopian planning and experiments
Housing improvement
New and expanded towns
Regional development

IX Urban culture

Research methods, aids and materials
Urban culture and entertainment
Forms of entertainment
Fine arts
Exchange of information
Education
Urban influence on rural areas and the wider world

X Attitudes to cities

Views of the city in literature, graphic and dramatic art

https://doi.org/10.1017/S0963926805003445 Published online by Cambridge University Press
