"YOUR FREE CATALOG KNOCKED MY SOCKS OFF"

We get that sort of comment all the time. People are impressed that our free Consumer Information Catalog lists **so many** free and low-cost government booklets. There are more than 200 in all, containing a wealth of valuable information.

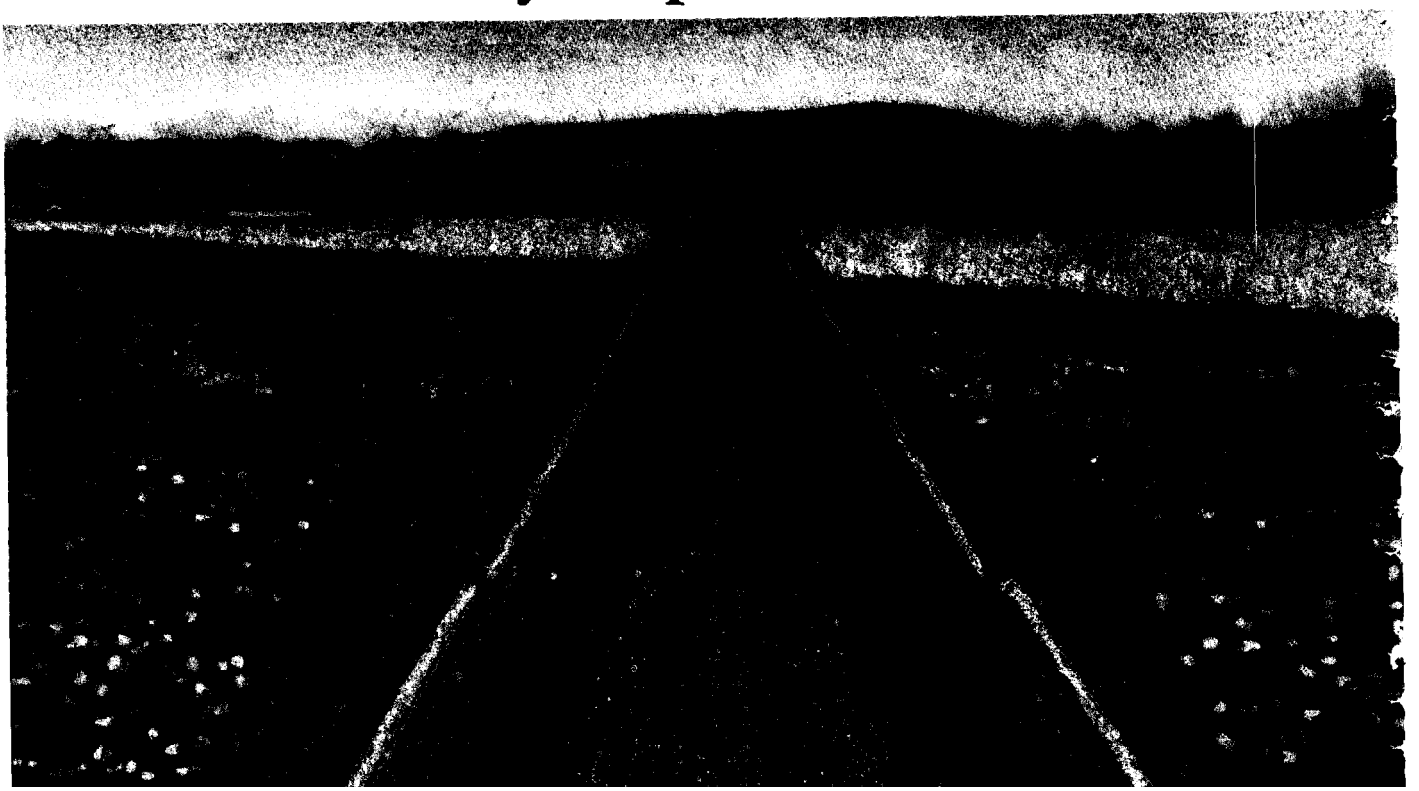

They tell you how to make money, how to save money and how to invest it wisely. They tell you about federal benefits, housing and learning activities for children. They fill you in on nutrition, jobs, health and much, much more.

Our free Catalog will very likely impress you, too. But first you have to get it. Just send your name and address to:

Consumer Information Center

By adding 3 inches to our gloves, we've gone the extra mile when it comes to your protection.

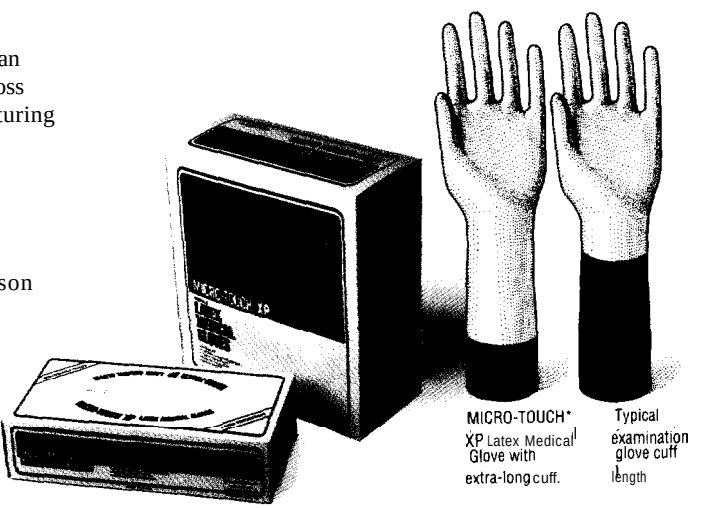

By adding an extra 3 inches to the cuffs of our MICRO-TOUCH" XP Latex Medical Gloves and insisting on 100 percent on-line visual inspection, we go the distance to assure you of extra protection and added strength. The kinds of quality you expect in Johnson &Johnson Medical, Inc. products.

Because your safety is important to us, we've added an extra 3 inches that can help prevent the possibility of cross contamination. Safety that is translated to our manufacturing process which produces gloves with quality standards that far exceed those required by the FDA.

That's important to you.

MICRO-TOUCH" XP Medical Gloves, three extra inches, a lot more protection and added strength.

For more information contact your Johnson &Johnson Medical sales representative or call l-800-433-5009.
