Econometric Theory, **17**, 2001, 859. Printed in the United States of America.

CORRIGENDA

CORRIGENDA TO PROBLEMS 00.1.3 AND 00.1.1

In *Econometric Theory*, volume 17, number 1, an excellent solution to problem 00.1.3 also had been submitted by S. Puntanen, G.P.H. Styan, and H.J. Werner, and this fact was inadvertently omitted. In the same issue, in the restatement of problem 00.1.1, the phrase "skew symmetric" should read "real skew symmetric"; this modification was suggested by S. Puntanen, G.P.H. Styan, and H.J. Werner.

CORRIGENDUM TO PROBLEM 01.2.2

(c) $I(1)$ *with trend breaks, i.e.,* $X_t = X_0 + \mu t + (\mu_0 - \mu)\mathbb{I}(t > [\alpha T]) + \sum_{i=1}^{t} u_i$, $\alpha \in (0,1)$

should read

(c) $I(1)$ *with trend breaks, i.e.,* $X_t = X_0 + \mu t + (\mu_0 - \mu)(t - [\alpha T])\mathbb{I}(t > [\alpha T]) + \sum_{i=1}^{t} u_i$, $\alpha \in (0,1)$
