Automated surveillance of *Clostridium difficile* infections using BioSense. *Infect Control Hosp Epidemiol* 2011;32(1):26–33), there were 2 errors. In the Data Analysis section, first paragraph, the third sentence should read: "We also evaluated the association between facility monthly cases of HO CDI and CO-NHA CDI" (*not* "rates of HO CDI and CO-NHA CDI"). In addition, in the Results section, second paragraph, third sentence, the total number of patients is 4,520 (*not* 4,530). The journal regrets these errors.
