Divisions and Discussion Groups

Division Executive Committees

Listed here are the 2002 division and discussion group executive committees and some committees of the American Literature Section (see also the Directory of Useful Addresses). The years after the names of division and discussion group executive committee members are the final years of their terms. Unless otherwise noted, the member whose final year is 2003 serves as the 2002 chair, the member whose final year is 2004 serves as the 2002 secretary and 2003 chair, and the member whose final year is 2005 serves as the 2003 secretary and 2004 chair.

MLA divisions encompass the primary scholarly and professional concerns of the association, with each of the eighty-four divisions representing a major area of membership interest. Since membership in divisions is maintained as part of all members' records for the purpose of sending them special-interest materials, joining a division indicates an active involvement in the field and a desire to promote its scholarly and professional concerns. Membership in one division does not, of course, exclude a member from attending any or all meetings arranged by other divisions at the MLA Annual Convention.

Members who wish to join a division or change membership from one division to another may do so by writing to the member and customer services office at the MLA office. It is, however, most convenient to make changes and additions when paying one's annual dues (the dues notice accommodates such changes). The following list of divisions includes code numbers to which members should refer when joining a particular division.

Discussion Group Executive Committees

In addition to the divisions, the MLA also has discussion groups, designed to accommodate the scholarly and professional interests of small constituencies concerned with discrete literatures or with literary and linguistic subjects that are not encompassed by one of the divisions. Discussion groups are not, however, established on individual authors or groups of authors, on themes or motifs, or on periods (or periods within a genre). Any member who has registered for the annual convention may attend programs arranged by a discussion group, vote for its executive committee, and participate in its projects and programs. At present there are forty-six discussion groups.
