INDEX TO VOLUME 105

The General Index covers original articles, reviews and the epitome.

The following names are printed in SMALL CAPITALS: Authors of original articles and of books reviewed. Names of authorities referred to in the text are in ordinary type.

(R.) indicates a *Review*; the title of the book reviewed is followed by the author's name.

(E.) indicates the *Epitome* section; the title of the epitome is followed by the author's name.

The names of authors referred to in the Epitome are listed in Part II.
