MURRAY, THOMAS WILLIAM, M.B., Ch.B., D.P.M., Senior Medical Officer, Receiving House, Royal Park, Victoria, Australia.

Proposed by Drs. J. S. Lindsay, H. F. Maudsley, G. A. Goding.

REPORT OF COUNCIL

At yesterday's Council Meeting a Joint Committee of six members of the R.M.P.A. and the R.S.M. was appointed to advise regarding papers to be presented to the Third World Congress of Psychiatry in 1961. The Association's representatives were to be the President, the General Secretary and the Registrar.

Council approved the proposal to make a donation of twenty guineas to the Mental After-Care Association, and to provide a dinner for the Dutch psychiatrists who will be visiting this country next spring.

It was decided to defer action on the question of postal voting for Section Executive Committees until the revision of the Bye-Laws was considered.

The Editor-in-Chief reported that in future short abstracts of papers read at Quarterly Meetings would be published. The *Journal* would be published bimonthly instead of quarterly as from January, 1961. Illustrations were to be produced on better paper. New arrangements had been made for the reviewing of books. The finances of *Recent Progress in Psychiatry* were reported as satisfactory.

The Registrar reported that a successful series of Maudsley Bequest Lectures had just been given. Council supported the President's congratulations to Dr. Sargant on the success of this undertaking.

The Librarian reported that the Library had now returned to its own quarters and that this gave more opportunities for proper classification.

The Education Committee reported that they had considered the syllabus

https://doi.org/10.1192/S0368315X60242830 Published online by Cambridge University Press

of training for Sister Tutors. The present syllabus contains much unnecessary material and should be revised thoroughly. It was suggested that the General Nursing Council and the Department of Extra Mural Studies of the University of London should set up a working party to undertake this task and that the R.M.P.A. should offer its services to such a working party. The Education Committee announced its decision that the Films Sub-Committee should remain a sub-committee of the Education Committee and this was approved by Council. The regulations for the D.P.M. had been discussed by the Education Committee who had supported the regulations at present in force by the Conjoint Board. They agreed, however, to write to the Registrar of the Examining Board to suggest that there was perhaps too much Anatomy and Neurology in an examination intended for psychiatrists.

The Parliamentary Committee reported on their consideration of new documents sent by the Ministry regarding the implementation of the Mental Health Act 1959, and also on their discussion on the new Bill for Scotland.

The Papers and Discussions Committee reported on the proposed arrangements for future meetings.

The General Secretary reported that the Ministry had requested the Association to give evidence to a Sub-Committee on the Training of Staff for Training Centres for the Mentally Sub-Normal. Council agreed to leave the composition of a Committee to prepare evidence to the Mental Deficiency Section.

Regarding the Joint Committee of the R.M.P.A. and the Society of Medical Officer of Health Dr. Burke reported that the Associations were planning a Joint Meeting of the two organizations in September.

The Memorandum on "The Recruitment and Training of Child Psychiatrists" was approved.

The Memorandum on "Units for the Long-Term Care of Emotionally Disturbed Children and Adolescents" was referred back to the Child Psychiatry Section for further discussion.

Papers

"Mental Illness and Mental Health: The Scientific Approach." Professor Pacheco e Silva (Professor of Psychiatry, University of São Paulo, Brazil. Vice-President, World Federation for Mental Health). Dr. Frank Fremont-Smith (Medical Director of Josiah Macey Foundation, New York).
