HOMELESSNESS, LIBERTY AND PROPERTY

In *Homelessness, Liberty and Property*, Terry Skolnik establishes a novel theory about the government's duties to end homelessness, maintain public property's value, and legitimize laws that regulate public space. In doing so, Skolnik provides new insight into how the property law system and the regulation of public space limit unhoused persons' freedom and political equality. The book deepens our understanding of how various areas of law, such as constitutional law, legal philosophy, criminal law, and property law, approach the reality of homelessness and advances original arguments to provide new justifications for the right to housing. Skolnik concludes by offering a set of concrete proposals for how the government may better reduce the incidence of homelessness and treat unhoused persons with greater concern and respect. This title is part of the Flip it Open Programme and may also be available open access. Check our website Cambridge Core for details.

Terry Skolnik is a research professor at the Sandra Day O'Connor College of Law, Arizona State University (ASU). He is the executive director of ASU's Academy for Justice. He is also an associate professor at the University of Ottawa, Faculty of Law, Civil Law Section.
