Instructions to Publishers

1. Complete and file one copy of this form with your postmaster annually on or before October 1. Keep a copy of the completed form for your records.
2. In cases where the stockholder or security holder is a trustee, include in items 10 and 11 the name of the person or corporation for whom the trustee is acting. Also include the names and addresses of individuals who are stockholders who own or hold 1 percent or more of the total amount of bonds, mortgages, or other securities of the publishing corporation. In item 11, if none, check the box. Use blank sheets if more space is required.
3. Be sure to furnish all circulation information called for in item 15. Free circulation must be shown in items 15d, e, and f.
4. If the publication had second-class authorization as a general or requester publication, this Statement of Ownership, Management, and Circulation must be published; it must be printed in any issue in October or, if the publication is not published during October, the first issue printed after October.
5. In item 16, indicate the date of the issue in which this Statement of Ownership will be published.
6. Item 17 must be signed.

Failure to file or publish a statement of ownership may lead to suspension of second-class authorization.

This Silver Can Save You Lots of This Silver

The Bardex® I. C. Silver / Hydrogel Coating... Clinically Proven to Reduce UTIs

To help you meet the ever-increasing challenges of infection control, Bard introduces the Bardex" I.C. Foley Catheter System. Bardex" I.C. is the only catheter system that uses the latest technology to combine the advantages of a hydrogel coating for patient comfort and silver for less bacterial adherence. This passive technology is proven to reduce the occurrence of Urinary Tract Infections and their associated costs.'

Bard is currently offering an opportunity to evaluate the Bardex® I.C. System at no additional cost through The Bardex® I.C. Promise'" Program. To help you track infections in your institution, Bard also provides The On-Track"' Surveillance System, as well as a customized Economic Cost Model, to predict infection rates and cost savings by using an infection control product line. These tools provide the perfect model for Performance Improvement Projects and an excellent outcome cost savings program for your department.

For additional information about the entire line of infection control products and services of Bard Medical Division, contact your Bard Representative at l-800-526-4455.
