PRÉFACE

The first two chapters of this monograph appeared in the *Journal of the American Oriental Society*, 40. 289-99 (1920), and are here reprinted by permission, with some changes and considerable rearrangement of the material. The other chapters have not appeared elsewhere.

If the plan of this series included a dedication, the present study would be dedicated to George Melville Bolling, in grateful recognition of his continued interest in its partial treatment in the *JAOS*, and of his exhortations that I should bring the subject to finished form.
