'Conservative claims about taxes have been a staple of American politics for many decades. They can sound appealing (who does not want to pay lower taxes?) and even reasonable (government is surely wasteful, and taxes choke economic activity). But facts, Campbell shows, tell us otherwise. At last, here is the definitive debunking of those myths.'

FRANCESCO DUINA, *Bates College*

'We swim in a world of fake news. This brilliant book on tax-totally simple, utterly devastating-destroys one myth after another, bringing us back to reality. I pray that this book reaches the largest possible audience.'

JOHN A. HALL, *McGill University*

TEACHING POLITICAL SCIENCE MATTERS

2025

Join us for the 17th American Political Science Association's Teaching & Learning Conference

FEBRUARY 7–9, 2025 | ALEXANDRIA, VA

Join political science teacher-scholars for the American Political Science Association's Teaching & Learning Conference (TLC), February 7-9, 2025, in Alexandria, Virginia! The APSA TLC is a unique meeting to promote greater understanding of high-impact practices and innovative methodologies for the political science classroom.

We invite political science teacher-scholars to explore the conference theme, **"Teaching Political Science Matters,"** at the Westin Alexandria Old Town. The conference provides a forum for scholars to participate in the scholarship of teaching and learning, share pedagogical techniques, and discuss trends in political science education.

The latest from **Kurt Weyland**

'When do populists destroy democracy? In this nuanced and incisive analysis, Kurt Weyland argues that populist governments erode democracy only under specific conditions. This is a welcome and innovative intervention to an important debate.'

ANNA GRZYMALA-BUSSE, Michelle and Kevin Douglas Professor of International Studies at Stanford University

'In this magisterial study, Weyland analyzes when and how democracies withstand the threat of populist authoritarianism. Weyland's comprehensive analysis is a must-read for all those interested in the prospects for democracy around the world - including for students of American politics who will see recent US experiences set in global perspective.'
