Twenty-eight years ago
we declared germ warfare.

Cidex.*

https://doi.org/10.1086/646490

Meet our newest weapons.

Twentyeight years ago, Johnson &Johnson Medical, Inc. revolutionized disinfection with the introduction of CIDEX* Activated Dialdehyde Solution. And now, we're offering two new additions to the CIDEX Solution Family of Products.

Introducing ENZOL* Enzymatic Detergent — it breaks down and removes tough, dried-on organic matter from instruments. Plus, easy rinsing means no clogging of scopes.

And, new CIDEX Solution Test Strips — developed exclusively for monitoring the effectiveness of CIDEX Solution. It's the easiest, most reliable way to detect unintentional dilution. Simply dip a test strip in CIDEX Solution, remove and read.

Depend on Johnson &Johnson Medical to lead the charge in asepsis and infection control. For additional product information, call 1-800-433-5009, or contact your Johnson &Johnson Medical sales representative.

With our two newest additions, the CIDEX Solution Family of Products is the most powerful weapon you have.

Johnson&Johnson

Protection is our line.

NEUTRALON* Brown Surgical Glove MICRO-TOUCH* Latex Surgical Glove MAXXUS* Orthopaedic Surgical Glove MICRO-TOUCH* XP Latex Medical Glove MICRO-TOUCH* Latex Medical Glove

Protection. The key to our superior glove line.

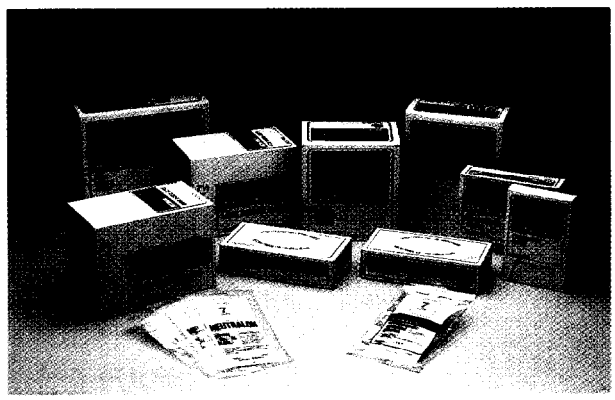

At Johnson & lohnson Medical, Inc., we have a reputation that spans more than 20 years — years dedicated to the research and development of quality gloves that provide maximum protection, optimum fit and excellent touch sensitivity.

We engineer quality into every aspect of our gloves beginning with 100 percent on-line visual inspection of all latex gloves, and quality standards that far exceed those required by the FDA.

Our protective lines include NEUTRALON' Brown Surgical Gloves, MICRO-TOUCH* Latex Surgical Gloves, MICRO-TOUCH'" Latex Medical Gloves, DISPOS-A-GLOVE" Examination Gloves and both the new MAXXUS* Orthopaedic Surgical Gloves, and the longer cuff MICRO-TOUCH'" XI' Latex Medical Gloves.

Protection and Johnson &Johnson Medical, Inc. — an unbeatable combination.

For more information, contact your Johnson &Johnson Medical, Inc., Medical Specialties Sales Representative or call l-800-433-5009.

They show all the signs of having HIV.

There aren't any you can see. The truth is, there is absolutely no way to tell from outward appearance who is infected with HIV, the virus that causes AIDS. So don't fool yourself.

How you act will determine your risk for HIV infection. There are some general rules. Never share drug needles or syringes. And unless you're sure your sex partner isn't infected, don't take a chance. Or at least use a latex condom, correctly, every single time you have sex.

Know how to determine your risk for HIV and AIDS. There is help available. Call your State or local AIDS hotline, or the National AIDS Hotline at 1-800-342-AIDS. Call 1-800-243-7889 (TTY) for deaf access.

AMERICA RESPONDS TO AIDS

HIV is **the virus** that causes AIDS.

Department of Health & Human Services, Public Health Service, Centers for Disease Control.

INFECTION CONTROL AND HOSPITAL EPIDEMIOLOGY™

The Society for Hospital Epidemiology of America (SHEA) and SLACK Inc. Copyright and Republication Policy

The Society for Hospital Epidemiology of America (SHEA) and SLACK Inc. hold copyright on Infection *Control and Hospital Epidemiology*. We request that all authors of works transfer to SHEA and SLACK Inc. all rights, title, and interest to such works, including copyright. In accord with the Copyright Act of 1976, we must acquire every author's signature to effect the transfer. A written work cannot be considered for publication until the 'Assignment of Copyright' form is signed by the author or authors and is on file at the editorial offices. Please submit this signed from with your manuscript. In the event that a manuscript is not accepted for publication, this agreement will be returned to the authors.

Signed 'Assignment of Copyright' forms confirm that a work submitted has not previously been published, is not subject to copyright or other rights except those of the author to be transferred to SHEA and SLACK Inc., and is not under consideration for publication elsewhere, except under circumstances communicated to us in writing at the time the work is submitted.

Permission to reproduce any part of the works published by SHEA and SLACK Inc. in *Infection Control and Hospital Epidemiology* in any form or by any means, electronic or mechanical, is not permitted without written permission from SLACK Inc.

Assignment of Copyright

In consideration of SLACK Incorporated and The Society for Epidemiology of America (collectively called the 'Publisher') in publishing my (our) submitted manuscript, the undersigned hereby transfer(s), assign(s), and otherwise convey(s) all copyright in the manuscript to the Publisher. The undersigned declares that the manuscript is original and, to the best of the undersigned's knowledge, contains no matter that is libelous or unlawful or that infringed upon anyone else's rights of copyright.

In addition, we affirm that the work is the work of every author listed, and is not under consideration for publication elsewhere, except under circumstances communicated to us in writing at the time the work is submitted.
