UK Psychiatrists Huntington's Disease Group

The UK Psychiatrists Huntington's Disease Group was formed in 1999 and meets twice yearly at the Royal College of Psychiatrists. The Group consists of Members and Fellows of the College who have an interest in Huntington's disease. The aim of the Group is to improve the clinical management of Huntington's disease in the UK and in particular the management of its psychiatric consequences. The specific aims are: the development of assessment and treatment guidelines; the creation of training opportunities; the creation of a support network for psychiatrists with an interest in the disease; and the facilitation of research on the management of the disease. A website is under construction and may be found at www.huntingtons.org.uk. For further information, or to take part in the group, please write to Dr Ken Barrett, The Neurobehavioural Unit, The Haywood Hospital, High Lane, Burslem, Stoke-on-Trent, Staffordshire ST6 7AG.

National launch of SANE's helpline for mental health professionals

Following the initial success of a pilot programme in East London and Wiltshire, SANE is expanding its dedicated professional telephone helpline nationally. Professionals will have access to a national database including information on: statutory, voluntary and independent mental health services; illnesses and symptoms; medication, treatments and side-effects; psychological treatments and other therapies; mental health law; prisons and mental health; and the Disability Discrimination Act. SANE's Professional Line is staffed by trained professionals, who will also provide access to experts throughout the UK prepared to discuss cases with fellow professionals. Many are specialists in particular fields. SANE's professional line is open from 9.00 a.m. to 9.00 p.m., Monday to Friday, and 12 noon to 9.00 p.m. at weekends: tel.: 0906 558 5858 (calls are charged at the premium rate, currently £1.00 per minute).

New courses from CNA's Training Unit

The new programme for the Training Unit of Carers National Association (CNA) is now available, with details of all courses taking place from October 2000 to March 2001. The new courses described in the programme are 'Carers and their rights, under the Carers (R&S) Act 1995, and Carers and Disabled Children Act 2000', 'The Human Rights Act 1998', 'Back to work: making it real for carers' and 'Support and accommodation for asylum seekers'. The training days are held at CNA's head offices in London and Manchester. For a free copy of CNA's Training Unit programme, or details about the cost of courses, please contact Karin Beeler, Training Unit Administrator, Carers National Association, 20–25 Glasshouse Yard, London EC1A 4JT. (tel.: 020 7566 7632).

New CGSS website directory

There is now a vast amount of information available on the internet that is relevant to mental health services. With so many different organisations, websites and internet browsers, however, finding it can be very time consuming and often a matter of luck. To assist clinicians, researchers, students, clinical audit and clinical governance staff in finding information without wasting valuable time, the Clinical Governance Support Service (CGSS) has produced a Website Directory for Mental Health. Comprising over 350 websites, this book comes with MS Word on disk to make accessing the sites even easier. The directory costs £20 and is available from the CGSS office, tel.: 020 7227 0829; fax: 020 7227 0850; e-mail: kirsty.maclean_steel@virgin.net.

forthcoming events

Three conferences have been organised by the University of Southampton's Mental Health Group Professional Education and Training Unit: **Section 12(2) Mental Health Act 1983 refresher day**, to be held on 1 November 2000, **The treatment of sex offenders: is it a mental health issue?** (10 November 2000) and **Mentally disordered offenders in the community** (22 March 2001).
