THE ENTRENCHMENT OF DEMOCRACY

This volume of essays brings together a group of leading political scientists, legal scholars, and political theorists to describe and analyze the body of constitutional law and practice within and upon democratic institutions, in particular examining how constitutional law shapes electoral democracy. Constitutional law and practice on this question are complex and varied. This volume therefore takes a thematic and regional approach: it selects a range of key theoretical questions related to democratic constitutional design and offers a series of chapters featuring a diverse range of voices, as well as a blend of theory, qualitative studies, and quantitative methods. Readers will gain a multifaceted understanding of a phenomenon of growing importance. The volume will also be useful to students of comparative constitutionalism, who will gain a rich array of empirical evidence to stimulate further work. This title is also available as Open Access on Cambridge Core.

COMPARATIVE CONSTITUTIONAL LAW AND POLICY

Series Editors

Tom Ginsburg *University of Chicago*
Zachary Elkins *University of Texas at Austin*
Ran Hirschl *University of Toronto*

Comparative constitutional law is an intellectually vibrant field that encompasses an increasingly broad array of approaches and methodologies. This series collects analytically innovative and empirically grounded work from scholars of comparative constitutionalism across academic disciplines. Books in the series include theoretically informed studies of single constitutional jurisdictions, comparative studies of constitutional law and institutions, and edited collections of original essays that respond to challenging theoretical and empirical questions in the field.
