The publisher apologises that upon publication of this article an error within the PDF was found. The mathematical symbols for the Q-circ time derivatives (Q with a circle on top) were not correctly typeset. Instead of rendering the symbol correctly as $\mathring{Q}$ the PDF instead typeset the symbol as Q, i.e. without the circle on top.

The online HTML version, however, was correctly typeset. The associated PDF version has been updated with corrected, consistent typesetting.
