CORRIGENDUM

Boundary alignment enables 11-month-olds to segment vowel initial words from speech

BY AMANDA SEIDL AND ELIZABETH K. JOHNSON

Volume 35, number 1, February

We regret to announce that by mistake the incorrect appendix was published for this article. The correct appendix is reprinted below

APPENDIX

Familiarization passage for Initial Condition Group 1, Experiment 1:
I like how Eff runs the circus.
I wonder if Eff wants to juggle too.
We know Eff has a great time.
We're sure Eff would love to learn.
I think Eff could do a great job.
They say Eff hires clowns all year.

Familiarization passage for Initial Condition Group 2, Experiment 1:
It seems like Ash is very creative.
I see Ash can stand on his head.
I see that Ash named this dish.
Somehow Ash makes us laugh.
We suspect Ash loves to cook.
I'm sure Ash learned to do flips.

Familiarization passage for Medial Condition Group 1, Experiment 2:
Eff runs a circus in Toronto.
Eff has no clue about juggling.
Eff hires acrobats to run the show.
Eff wants a town named after him.
Eff would be a tiny little city.
Eff could be located in the hills.

Familiarization passage for Medial Condition Group 2, Experiment 2:
Ash makes me smile in spring.
Ash can stand on his head for hours.
Ash learned to do flips for me.
Ash also loves to cook new food.
Ash named a dish after himself.
Ash is chicken soaked in lime juice.

Familiarization passage for Group 1, Experiment 3:
At the silly circus I like low Eff.
It is such bad luck to have a rough Eff.
We'll have to tell her that we know Eff.
