The Language War

Robin Tolmach Lakoff

"Lakoff is a national treasure. She is one of the most astute and knowledgeable linguists in the country (indeed, in the world), and one of the few who turns her analytic eye to the role of language in popular and political culture. It was she who pioneered the field of gender and language."

—Deborah Tannen, author of *You Just Don't Understand*

$24.95 cloth

The Missing Spanish Creoles

Recovering the Birth of Plantation Contact Languages

John H. McWhorter

The evidence that most New World creoles were imports traceable to West Africa strongly suggests that the well-established limited access model for plantation creole needs revision. In forcing a reexamination of this basic tenet, McWhorter's book will undoubtedly cause controversy. At the same time, it makes available a vast amount of data that will be a valuable resource for further explorations of genesis theory.

$45.00 cloth

Overhearing Film Dialogue

Sarah Kozloff

"An exceptionally engaging treatment of a heretofore neglected area of film studies. Although critics frequently discuss dialogue, they rarely comment on its formal qualities. Kozloff's study fills this gap admirably, employing a conceptual framework that both clarifies major issues and highlights the multifarious dimensions of this broad and central topic."

—Virginia Wright Wexman, author of *Creating the Couple*

$48.00 cloth $18.95 paper

Past Participles from Latin to Romance

Richard Laurent

From Latin through the Romance languages, which types of past participle survived? Which proved popular in standard Romance languages, and which exist in a wide range of dialects? The author explores reasons for the expansion or contraction of each type.

Volume 133, University of California Publications in Linguistics $72.00 paper

Central Hill Nisenan Texts with Grammatical Sketch

Andrew Eatough

Central Hill Nisenan was spoken in the hills northeast of Sacramento, California. This monograph includes texts recorded by the late Richard Smith, a brief description of the language and a short word list.

Volume 132, University of California Publications in Linguistics $19.00 paper

"A clear, engaging and up-to-date guide, written by two of the leading researchers in the science of language acquisition." —Steven Pinker

"A fascinating look into the linguistic genius of infants." —Thomas Armstrong

A powerfully insightful guidebook to how infants —even in the womb—begin to learn language. The authors provide the latest scientific findings, developmental milestones, and important advice on how to create the most effective learning environments for children. This book takes readers on a fascinating, vitally important exploration of the dance between nature and nurture.

2001 Summer Linguistic Institute

University of California-Santa Barbara
25 June -3 August 2001
Director: Charles Li

Linguistic Diversity: How and Why Languages Differ
Pacific Rim Languages: Synchronic and Diachronic Aspects of Major Pacific Rim Languages

Offering:

- Over 70 courses in a broad range of subdisciplines in linguistics
- Study under well-known scholars from many institutions
- Workshops, discussion groups, weekend seminars, and special lectures
- Linguistics conferences on campus
- Opportunity to experience the 'linguistics network'

Student tuition fellowships:

- Deadline for applications: 12 February 2001
- Eligibility: LSA student members who have not completed the PhD

Institute Affiliates are welcome.

LINGUISTICS*

The Japanese Mental Lexicon. Psycholinguistic Studies of Kana and Kanji processing.
Joseph F. KESS and Tadao MIYAMOTO (University of Victoria)
1 55619 761 6 / USD 69.00 (Hardcover)
Surveys the psycholinguistic dimensions of lexical access to the mental lexicon in Japanese, and attempts to synthesize the diversity of Japanese psycholinguistic research into the nature of written word processing in Japanese.

Functional Approaches to Language, Culture and Cognition. Papers in honor of Sydney M. Lamb.
David G. LOCKWOOD (Michigan State University),
Peter H. FRIES (Central Michigan University) and
James E. COPELAND (Rice University) (eds.)
1 55619 879 5 / USD 135.00 (Hardcover)
Functional approaches to the description of language and culture, and language and cultural change ranging from cognitive approaches including Stratificational grammar to more socially oriented ones including Systemic Functional linguistics.

Negotiating Agreement and Disagreement in Japanese. Connective expressions and turn construction.
Junko MORI (University of Wisconsin, Madison)
1 55619 374 2 / USD 75.00 (Hardcover)
On the basis of 'Conversation Analysis', this book observes recurrent patterns in sequences where Japanese speakers negotiate agreement and disagreement.

Language History. An introduction.
Andrew L. SIHLER (University of Wisconsin, Madison)
1 55619 968 6 / USD 70.00 (Hardcover)
1 55619 969 4 / USD 29.95 (Paperback)
This classroom-tested volume is a brief but technically and factually accurate exposition of linguistic description and history.

New Zealand English.
Allan BELL (University of Auckland) and
Koenraad KUIPER (University of Canterbury) (eds.)
1 55619 723 3 / USD 75.00 (Hardcover)
An up-to-date account of all the major aspects of New Zealand English by leading scholars.

The Derivational Residue in Phonological Optimality Theory.
Ben HERMANS (Tilburg University) and
Marc van OOSTENDORP (University of Amsterdam) (eds.)
1 55619 912 0 / USD 89.00 (Hardcover)
Constraint-based frameworks such as Optimality Theory (OT) have significantly altered phonologists' views on the nature of derivations and their role in linguistic theory.

Turn-Taking in Japanese Conversation. A Study in Grammar and Interaction.
Hiroko TANAKA (University of Essex)
1 55619 819 1 / USD 79.00 (Hardcover)
Explores the interpretation of grammar and turn-taking in Japanese talk-in-interaction from the perspective of conversation analysis. It pays special attention to the projectability patterns of turns in Japanese in comparison to English.

THEO JANSSEN AND GISELA REDEKER (EDITORS)

Cognitive Linguistics

Foundations, Scope, and Methodology

2000. 23 x 15.5 cm. VII, 269 pages.
Hardcover. US$ 105.00 •ISBN 3-11-016163-X
Paperback US$ 29.95 • ISBN 3-11-016164-8
(Cognitive Linguistics Research 15)

In this volume, leading Cognitive Linguists and authoritative contributors from related field discuss and illustrate the central theoretical and methodological tenets of Cognitive Linguistics. This book will be a valuable resource for students and researchers who seek an overview of the theoretical underpinnings of Cognitive Linguistics and the range of main issues and approaches prevalent in the late 1990s.

DAVID PRAGER BRANNER

Chinese Comparative Dialectology

2000. 23 x 15.5 cm. XIII, 477 pages.
Cloth. US$ 143.00 • ISBN 3-11-015831-0
(Trends in Linguistics. Studies and Monographs 123)

This book discusses the methodology of systematic Chinese dialect classification, with particular attention to the conservative Miin and Hakka groups spoken in southern China. The primary linguistic methodology employed is the historical-comparative method, and the book features extensive comparative tables of dialect forms, together with a two-hundred page appendix outlining the diasystem of the four principal Wann'an dialects.

PETRA M. VOGEL AND BERNARD COMRIE (EDITORS)

Approaches to the Typology of Word Classes

2000. 23 x 15.5 cm. XIV, 514 pages.
Cloth. US$ 143.00 • ISBN 3-11-016102-8
Paperback. US$ 49.00 • ISBN 3-11-016783-2
(Empirical Approaches to Language Typology 23)

This book approaches word classes and their categorial manifestations from the perspective of typology and language universals research. While numerous problems in the meaning, syntax, and morphology of word classes in Indo-European remain unsolved, their counterparts in more exotic languages have raised still further questions.

CARL BACHE

Essentials of Mastering English: A Concise Grammar

2000. 23 x 15.5 cm. XII, 328 pages.
Paperback. US$ 24.95 • ISBN 3-11-016722-0

This book is aimed specifically at undergraduate students of English (native and non-native) at universities, business schools and teachers' training colleges. It is both an ideal companion for students wishing to acquire a high level of grammatical proficiency and a readily accessible reference work for teachers of English at all levels.

Prices are subject to change.

BEST IN LANGUAGES FROM CAMBRIDGE

New Horizons in the Study of Language and Mind

Noam Chomsky

This book is an outstanding contribution to the philosophical study of language and mind, by one of the most influential thinkers of our time. In a series of penetrating essays, Chomsky cuts through the confusion and prejudice that has infected the study of language and mind, bringing new solutions to traditional philosophical puzzles and fresh perspectives on issues of general interest, ranging from the mind-body problem to the unification of science. Using a range of imaginative and deceptively simple linguistic analyses, Chomsky defends the view that knowledge of language is internal to the human mind. He argues that a proper study of language must deal with this mental construct. According to Chomsky, therefore, human language is a "biological object" and should be analyzed using the methodology of the sciences. His examples and analyses come together in this book to give a unique and compelling perspective on language and the mind.

INFORMATION FOR CONTRIBUTORS

LANGUAGE, the journal of the Linguistic Society of America, carries technical articles dealing with problems of linguistic science, reviews of recently published linguistic works, and notes of interest to professional linguists.

MANUSCRIPTS for publication and exchange JOURNALS should be sent to the Editor of LANGUAGE (Mark Aronoff, Dept. of Linguistics, SUNY Stony Brook, Stony Brook, NY 11794-4376) BOOKS for review should be sent to the Review Editor (Edwin Battistella, 209 Humanities, Wayne State College, Wayne, NE 68787). Manuscripts of articles and reviews should be submitted in FOUR ANONYMOUS copies; they will not be returned. Normally at least one author of any article or review article submitted to LANGUAGE must be a member of the Society.

Manuscript form. Authors of articles submitted to LANGUAGE are not asked to follow the LANGUAGE style sheet in preparing their manuscripts for initial submission to LANGUAGE. There is no restriction on the format of manuscripts, although authors should make their submissions as reader-friendly as possible. Any manuscript, however, that has been accepted for publication as an article will have to be revised so as to conform strictly to the LANGUAGE style sheet. For the complete style sheet, see the December LSA Bulletin, the LANGUAGE web page at *http://semlab2.sbs.sunysb.edu/Language/language.html,* or write to the editors.

This policy does not apply to book reviews and book notices. These are all solicited by the Review Editor and they must adhere as closely as possible to the LANGUAGE style sheet on first submission.
