Table of International Cases *page* xi
Table of International Instruments xvii

Introduction 1

1 **Parenthood Aspirations and Justiciable Rights** 11
1.1 Reproductive Technologies, Bioethics and the Rise of New Human Rights Claims 11
1.2 Reproductive Freedom between Negative and Positive Obligations 21
1.2.1 Classic Negative Obligations in Relation to Natural Procreative Capacity 21
1.2.2 Medically Assisted Procreation: Interferences or Lacunae? 29

2 **A Right to a Genetically Related Child?** 41
2.1 The Right to Medically Assisted Procreation and to Control over One's Genetic Material 41
2.1.1 Respect for the Decision to Become a Parent and Make Use of ART 44
2.1.2 Gamete Providers' Right to Use Their Embryos for Reproductive Purposes 51
2.1.3 The Right to Decide the Fate of Embryos No Longer Intended for a Pregnancy 62
2.2 Gamete Donation: Reconciling Genetic Parenthood and Free Choice of Partner 67

Downloaded from https://www.cambridge.org/core. UNIVERSIDAD AUTONOMA METROPOLITANA, on 15 Nov 2026 at 11:56:14, subject to the Cambridge Core terms of use, available at https://www.cambridge.org/core/terms. https://doi.org/10.1017/9781009443982

2.3 Posthumous Parenthood: Deferred Procreation and Respect for Privacy beyond Death 74
2.3.1 Posthumous Conception and Reproductive Testaments 74
2.3.2 Use of a Deceased Child's Cryopreserved Gametes to Become a Grandparent 81
2.4 Recognition of Legal Ties Following Overseas Surrogacy Arrangements: Respect for Biological Parentage 82
2.5 Concluding Remarks 102

3 A Right to the Recognition of Intentional Parenthood? 110
3.1 Parenthood Claims in Third-Party Reproduction 110
3.2 Protecting Intention-Based (Non-biological) Parenthood in Donor Cases 120
3.2.1 Issues Raised by Gamete Donation 120
3.2.2 Issues Raised by Embryo Donation 125
3.3 Non-biological Commissioning Parents in Surrogacy Arrangements 128
3.3.1 The Non-biological Parent Married to the Biological Parent: Parasitic Rights 128
3.3.2 Intentional Parenthood Where Neither Commissioning Parent Is Genetically Related to the Child 142
3.4 Concluding Remarks 160

4 A Right to a Healthy Child? From Medical Therapy to Eugenic Selection 168
4.1 From Healthcare to Autonomy Rights 168
4.2 Prenatal Diagnosis and Therapeutic Abortion 175
4.2.1 Substantive Rights: Effective Access to Prenatal Testing 175
4.2.2 Procedural Rights: Remedies in the Case of Delayed Access and Misdiagnosis 186
4.2.3 The 'Expressivist' Objection: 'Rights of Others' and Proportionality 192
4.2.4 'Public Morals' and Self-Determination 196
4.3 PGD and Screening for Disability 198
4.3.1 Embryo Selection in Human Rights Litigation 198
4.3.2 'Morals' and Individual Eugenic Pursuits 204

Downloaded from https://www.cambridge.org/core. UNIVERSIDAD AUTONOMA METROPOLITANA, on 15 Nov 2026 at 11:56:14, subject to the Cambridge Core terms of use, available at https://www.cambridge.org/core/terms. https://doi.org/10.1017/9781009443982

4.3.3 Genetic Manipulation and the 'Human Dignity' Rhetoric 207
4.3.4 PGD and Disability Rights Concerns 210
4.4 The Right to a Bespoke Child? 213
4.4.1 Social Sex Selection through PGD and Prenatal Testing 213
4.4.2 Tissue Typing and the Creation of 'Saviour Siblings' 217
4.4.3 Trait Selection, Genetic Enhancement and Misplaced Equalitarianism 219
4.4.4 'Intentional Diminishment': Future Children's Welfare as a Limit to Parental Choice 226
4.5 Concluding Remarks 230

5 The Quest for Reproductive Equality: The Challenges of Sexual Orientation, Gender and Civil Status 234
5.1 Reproductive Rights beyond Heteronormativity and Coupledom 234
5.2 Assisted Conception for Same-Sex Couples 238
5.2.1 Donor Insemination and the Recognition of the Second Female Parent 238
5.2.2 The Complex Pathway to Fatherhood in Male Couples: Surrogacy and Ova Donation 255
5.3 Transgender Parenthood and Children Born through Artificial Insemination 265
5.4 Single Aspiring Parents: Redefining 'Reproductively Challenged' Conditions 268
5.5 The Different Treatment of Genetic Mothers in Relation to Surrogacy Arrangements 277
5.6 Concluding Remarks 283

Conclusions 290
C.1 The Contribution of International Case Law to the Development of Procreative Rights 291
C.2 Obstacles to the Development of Procreative Rights in International Law 297
C.3 The Prospects of Emerging Procreative Rights in International Jurisprudence 304
