LAW AND ORDER IN HISTORICAL PERSPECTIVE

The Case of Elizabethan Essex

By Joel B. Samaha

Believing crime to be an outgrowth as well as a reflection of the social upheavals that took place during the Elizabethan Era, Professor Samaha has prepared an in-depth study of the Elizabethan system of criminal justice as it operated in Essex County during the last half of the sixteenth century. His skillful examination of the interrelationship between rising crime rates of that period with a Western European population explosion and the birth of the industrial revolution, reveals an increase in crime and a community shift in law and order.

War and Peace in Jalémo

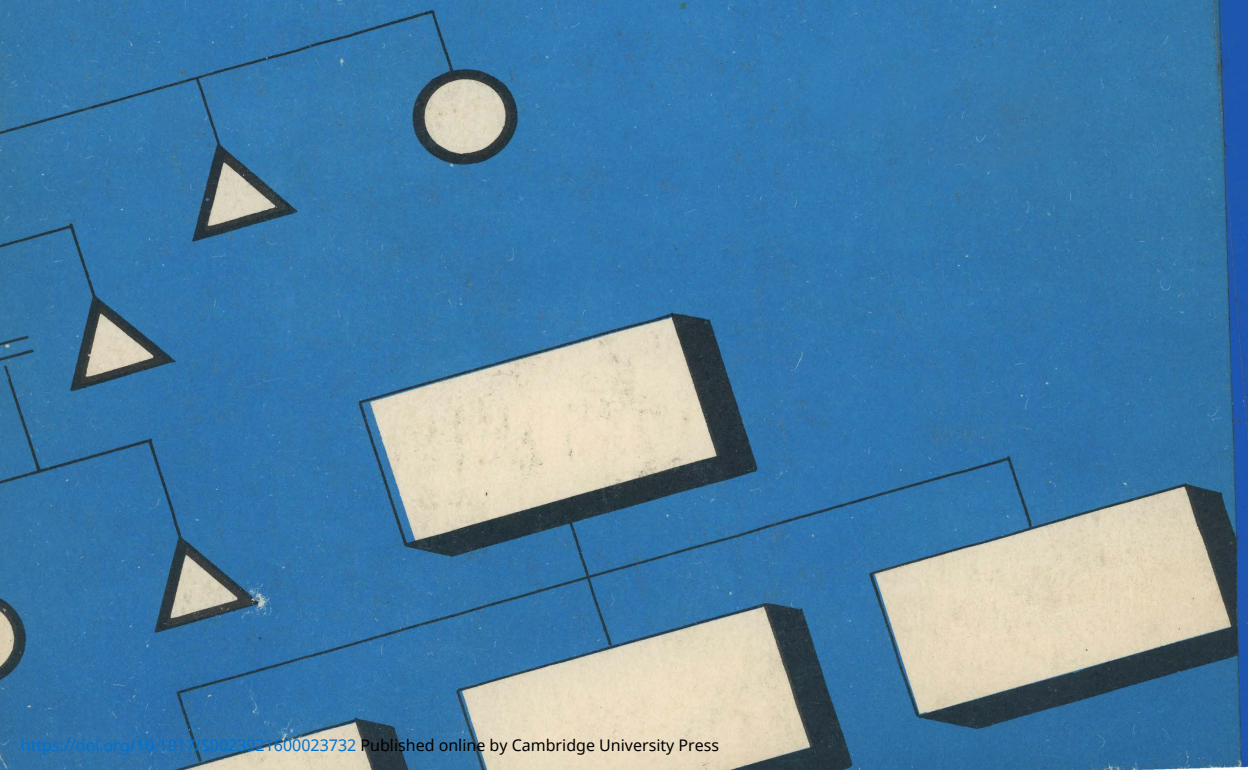

The Management of Conflict in Highland New Guinea

Klaus-Friedrich Koch

An anthropological study of the Jalé people in remote West New Guinea, especially concerned with the Jalé methods and ideology of conflict management and their wider implications. Koch's conclusions suggest applications to legal anthropology and comparative social psychology. $12.50
