PSYCHOMETRIKA—VOL. 35, NO. 3
SEPTEMBER, 1970

ERRATA

The following corrections should be made in *Simple Reaction Time with Markovian Evolution of Gaussian Discriminal Processes* by Phillip Emerson, Volume 35, Number 1, March 1970:

1. Equation (5) on page 101 should read

$$M(\theta) = \exp\left[\frac{c}{n}(s - \sqrt{s^2 - 2\theta n})\right]$$

2. In the unnumbered equation at the top of page 103, the argument of Φ in the second term inside the brackets on the right-hand side should be $\frac{-st - c}{\sqrt{nt}}$ rather than $-\frac{st - c}{\sqrt{nt}}$
