won general admiration, and will be remembered by many. He had a disability affecting one of his legs, which gave him a characteristic gait. His footsteps, which could never be mistaken, will long echo in the ears of the inhabitants of Hanwell, and the memories of a kindly and charming gentleman who so ably ruled its destinies are not likely soon to fade.

Dr. Baily married in June, 1910, Ada Janet, youngest daughter of Joseph Kearn, who was devoted to him, and nursed him tenderly through his long and painful illness.

NOTICE TO CONTRIBUTORS.

N.B.—The Editors will be glad to receive contributions of interest, clinical records, etc., from any members who can find time to write (whether these have been read at meetings or not) for publication in the Journal. They will also feel obliged if contributors will send in their papers at as early a date in each quarter as possible.

Writers are requested kindly to bear in mind that, according to LIX(*a*) of the Articles of Association, "all papers read at the Annual, General, or Divisional Meetings of the Association shall be the property of the Association, unless the author shall have previously obtained the written consent of the Editors to the contrary."

Papers read at Association Meetings should, therefore, not be published in other Journals without such sanction having been previously granted.

THE EDITORS regret that owing to the great shortage of paper the size of the Journal has to be reduced, the limit assigned being 96 pages, which, however, has been unavoidably exceeded. For the same reason the entire text has to be printed in small type.
