The Bush School Texas
Permanent Subcommittee on Investigations

CFP Partners with Health and Aging Policy Fellows

The Congressional Fellowship Program is pleased to announce a new partnership with the Health and Aging Policy Fellows Program. Supported by The Atlantic Philanthropies and administered by Columbia University, this national program seeks to provide professionals in health and aging with the experience and skills necessary to make a positive contribution to the development and implementation of health policies that affect older Americans. The residential track Health and Aging Policy Fellows will have the opportunity to participate in the full range of Congressional Fellowship opportunities, including the intensive November orientation to the Congress; the biweekly Wilson Seminar Series, which enlarges the legislative experience through discussions with various legislative support arms as the Congressional Research Service, Congressional Budget Office, and the Government Accountability Office; and the possibility of participating in the parliamentary exchange with Canada. The non-residential Fellows will participate, as appropriate, in these same programs. For further information, please visit www.healthandagingpolicy.org or contact the director, Harold Alan Pincus, MD, at pincush@pi.cpmc.columbia.edu or Phuc Huynh, deputy director of the program, at huynhpt@pi.cpmc.columbia.edu or 212-543-6213 directly.
