Notes for contributors

Typescripts should be submitted online by following the instructions at http://journals.cambridge.org/pmu. Paper typescripts are no longer required. Typescripts should be **double spaced** with margins of at least 1". Notes, bibliographies, appendixes and displayed quotations must also be double spaced. The editors can only consider contributions written in English. Authors should not submit multiple or further articles if a decision is pending on an article already submitted. Articles should not normally exceed 10,000 words but shorter papers are welcome. A cover page should be submitted with the article, containing the author's name and postal address, telephone number, fax number and email address. An **abstract** between 100 and 150 words must be submitted which gives an informative and precise account of the paper. Papers will not be accepted for publication without an abstract.

Tables, graphs, diagrams, music examples, illustrations and the abstract must be included in one document with the article and should not be submitted as separate files. Table headings should be typed above the table in the form '*Table 1. The musical categories*'. Other captions should be typed **double spaced** in the same style on separate sheets. Tables, Figures (which include photographs) and music examples should each be consecutively numbered through the article and their approximate positions in the text noted in the margin of the typescript. Figures and music examples should, if possible, be supplied in a form suitable for direct reproduction. Photographs must be well contrasted black and white glossy prints, ideally measuring 8"×6". Cross-references in the text to figures, etc. should be in the form '(see Example 1)', etc. MP3 sound files may be submitted to accompany a paper on the online version.

Permissions. Contributors are responsible for obtaining permission to reproduce any material in which they do not hold copyright and for ensuring that the appropriate acknowledgments are included in their typescript. Authors of articles published in the journal assign copyright to Cambridge University Press (with certain rights reserved) and will receive a copyright assignment form for signature on acceptance of the paper.

Headings. The article title and subheadings should be typed using initial capitals only for the first word and any proper names.

Notes should be kept to a minimum and numbered consecutively through the text with raised numbers outside punctuation. Type the notes on separate sheets at the end of the article.

Bibliographical references. References must be arranged alphabetically under author(s) name(s) and then in chronological order if several papers by the same author are cited. Surname should precede author's initials: in respect of co-authors, the initials should precede surname. The full title of the paper must be given together with first and last page numbers. Book titles should follow the new style noting that the publisher as well as place of publication is now required.
