Books In Brief

The editorial office receives a number of edited volumes and other texts that will be of interest to our readership. When these works tend to be less suitable for unified reviews than monographs, we list them here. To introduce these volumes, we include the publication information and tables of contents. The volume selected for this issue is a recently received anthology.

Ancient Maya Commerce: Multidisciplinary Research at Chunchucmil. Edited by Scott R. Hutson. Boulder: University Press of Colorado, 2017. Pp. xix, 376. Figures. Tables. $75.00 cloth.
