

Civil **Liberties**

**Roger Nash Baldwin and the American Civil Liberties Union**

**Robert Cottrell**

**A riveting biography of the founder of the ACLU**

**"Roger Baldwin was, in a way, one of America's founders. The original founders invented the Bill of Rights in the eighteenth century; 130 years later, Baldwin invented a way to enforce it. This is his story and it is told in rich and fascinating detail. A must read for those interested in how rights are acquired and kept."** —Ira Glasser, Executive Director, ACLU

**"Cottrell's 'warts-and-all' portrayal leaves no doubt . . . Baldwin is the central figure in the history of twentieth-century civil liberties."**

# Man In His Original Dignity

## Legal Ethics in France

**John Leubsdorf,** Rutgers School of Law

• the first detailed portrait in English of any foreign Bar's ethical principles and conception of what it is to be a lawyer.

• the first detailed explanation in English of a system of legal ethics in terms of its historical, procedural and professional contexts.

• a pioneering study of how global competition in the provision of legal services is affecting the standards and traditions of a national bar.

*"Leubsdorf has taken on a very difficult task—to find out how a foreign legal profession articulates its ideals and acts on them—and performed it superbly. He uncovers a world of ethics startlingly different from our own, one in which lawyers prize above all their independence: from State, from their own clients and even from other lawyers. He explains the historical origins of the ideal, and describes the threats to its survival as French* avocats *overcome their traditional aversion to commercial pursuits and become immersed in multinational business practice. Leubsdorf digs beneath the high-sounding ideals and formal rules of the* avocats *to examine their informal habits and actual practices.* Man In His Original Dignity *is the best kind of comparative work, a book that casts a brilliant light on our own legal culture as well as the French world it so lucidly describes."*

—Robert Gordon, Yale Law School

*"Leubsdorf writes with energy, wit and wisdom, yet with a trademark understatement that makes his conclusions all but unassailable.* Man In His Original Dignity *is of enormous importance to legal practitioners and scholars and students of the legal profession everywhere."*

## THE CULTURAL STUDY OF LAW

Reconstructing Legal Scholarship

**Paul W. Kahn**

"Kahn . . . offers the first full examination of what it means to conduct a modern intellectual inquiry into the culture of law. Charting the way for the development of a new intellectual discipline, he advocates an approach that stands outside law's normative framework and looks at law as a way of life rather than a set of rules."
—*Yale Law Report*

**Paper $14.00**

## TROUBLING CONFESSIONS

Speaking Guilt in Law and Literature

**Peter Brooks**

"An extraordinary work of an imaginatively fired intellect, twice blessed by Mr. Brooks' lavish gift for prose. But beware. The book is not a treatise on criminal confessions. It is far better. It is a disquieting, close analysis of the idea of the act of confession. . . . With a fine, surgical hand, Mr. Brooks examines the collision of psychotherapeutic and legal understandings of memory."—Harold J. Reynolds, *New York Law Journal*

**Cloth $24.00**

## LEGAL LANGUAGE

**Peter M. Tiersma**

"Tiersma intriguingly explores what makes American legalese so strange, and sometimes infuriating to nonlawyers. . . . A plea for plain speaking, Tiersma's case trenchantly explains the gap between lawyers and clients."—*Booklist*

"Masterful, highly readable, and enjoyable. . . . *Legal Language* is truly a fun book to read."—David Schultz, *Law and Politics Book Review*

## COP KNOWLEDGE

Police Power and Cultural Narrative in Twentieth-Century America

**Christopher P. Wilson**

"In this sophisticated, highly theoretical and ambitious work, Christopher P. Wilson analyses narratives of police power in cultural and social history, by looking at tabloid newspapers, popular fiction and film. . . . He probes the enduring cultural fascination with the American 'cop,' as well as the ways in which literary forms and cultural productions influence law-enforcement strategies and impact on urban politics."—Vivien Miller, *Times Literary Supplement*

## The Struggle for Constitutional Justice in Post-Communist Europe

Constitutionalism in Eastern Europe

**Herman Schwartz**

"No one in America has been more deeply and constructively involved than Herman Schwartz in the struggle for constitutional justice in Europe after the fall of Communism, and no book paints a truer or more insightful picture of that struggle. This is a 'must read' for anyone interested in the lessons this European experience holds for our own judicial system."

## The Changing Borders of Juvenile Justice

Transfer of Adolescents to the Criminal Court

**Edited by Jeffrey Fagan and Franklin E. Zimring**

Research in the area of juvenile justice has not kept pace with legislative developments. In this important collection, researchers discuss policy, substantive procedural and empirical dimensions of waivers, and where the boundaries of the courts lie.

*The John D. and Catherine T. MacArthur Foundation Series on Mental Health and Development, Studies on Successful Adolescent Development*

**Cloth $35.00**

## Youth on Trial

A Developmental Perspective on Juvenile Justice

**Edited by Thomas Grisso and Robert G. Schwartz**

In this book, a wide range of experts in developmental psychology and law combine their expertise to investigate the current limitations of our youth policy. The first part of the book establishes a developmental perspective on juvenile justice; the second and third parts then apply this perspective to issues of adolescents' capacities as trial defendants and questions of moral and legal culpability.

## When the State Kills

Capital Punishment and the American Condition

**Austin Sarat**

In this bold and impassioned book, Austin Sarat argues that capital punishment must be stopped because it undermines our democratic society. Capital punishment, Sarat shows, ultimately leaves Americans more divided, more hostile, and much further from solving the nation's ills. In short, it leaves us with an impoverished democracy.

"A brilliant, provocative, and nuanced analysis of the meaning of capital punishment in contemporary American politics, law, and culture."—Patricia Ewick, Clark University

## Reinventing Justice

The American Drug Court Movement

**James L. Nolan, Jr.**

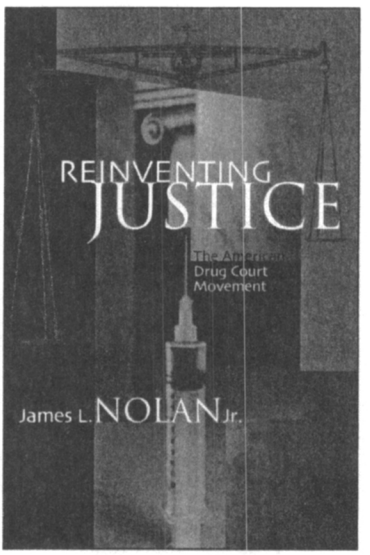

Drug courts offer radically new ways to deal with the legal and social problems presented by repeat drug offenders. Until now, no one has constructed an overall picture of the drug court phenomenon and its place in an American history of the social control of drugs.

Here James Nolan examines not only how therapeutic strategies deviate from traditional judiciary proceedings, but also how these differences reflect changes afoot in American culture and conceptions of justice.

## The Monochrome Society
### Amitai Etzioni

Amitai Etzioni is one of the most influential social and political thinkers of our day. In this book, he challenges those who argue that diversity or multiculturalism is about to become the governing American creed. He presents compelling evidence that all Americans—whites and African Americans, Hispanics and Asian Americans, new immigrants and decedents of the Pilgrims—continue to share the same core of basic values and aspirations.

"These wide-ranging essays are full of fresh insights and challenging ideas."
—Philip Selznick, UC-Berkeley

## Sexual Identities, Queer Politics
### Edited by Mark Blasius

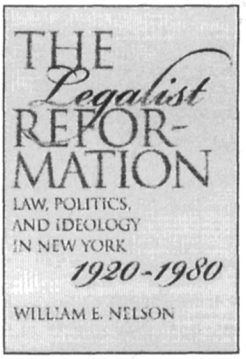

In this collection, political and public policy analysts explore the social concerns of lesbians, gays, bisexuals, and the transgendered—what has come to be known as "lgbt" or "queer" politics. This anthology offers the first comprehensive overview of lgbt politics grounded in the traditional disciplines of political science and spotlights the movement in several regions around the world.

"The essays, of wide breadth and high quality, are worthy of a wide audience. The collection will serve as a good introduction to the field of gay and lesbian studies through the entire discipline of political science."—Joan C. Tronto,
