Protection. The key to our superior glove line.

At Johnson & Johnson Medical, Inc. we have a reputation that spans more than 20 years — years dedicated to the research and development of quality gloves that provide maximum protection, optimum fit and excellent touch sensitivity.

We engineer quality into every aspect of our gloves beginning with 100 percent on-line visual inspection of all latex gloves, and quality standards that far exceed those required by the FDA.

Our protective lines include NEUTRALON'" Brown Latex Surgical Gloves, MICRO-TOUCH'" Latex Surgical Gloves, MAXXUS" Orthopaedic Latex Surgical Gloves, MICRO-TOUCH" XP Latex Medical Gloves, MICRO-TOUCH" Latex Medical Gloves, and DISPOS-A-GLOVE" Examination Gloves.

Protection and Johnson &Johnson Medical, Inc. — an unbeatable combination.

For more information, contact your Johnson &Johnson Medical, Inc. sales representative or call l-800-433-5009.

Techni-Care™ Surgical Scrub

99.99% Bacterial Reduction in only 30 seconds

Techni-Care...A new technology in a surgical scrub exhibits outstanding antimicrobial efficacy *without* dermal irritation.

Fully substantiated by independent testing in vivo and in vitro, Techni-Care Surgical Scrub both disinfects and conditions *in less time than any prior technology available to healthcare personnel.*

Results of Time Kill tests demonstrate that Techni-Care eliminates gram negative and gram positive bacteria at 99.99% in 30 second contact.

Outstanding Bactericidal Activity without skin irritation

Techni-Care's active ingredient, chloroxylenol (PCMX) at 3%, eliminates bacteria, while a host of skin conditioning agents work synergistically to condition and soften the skin. Exceptionally mild, Techni-Care's dermal conditioning ingredients, include cocamidopropyl PG-Dimonium Chloride Phosphate, Aloe Vera Gel, Collagen and Propylene Glycol.

Techni-Care has rated a "minimal irritation" in the Draize Dermal irritation test. Specially blended formulation for dermal conditioning as well as for bacterial reduction. Techni-Care Surgical Scrub is soothing to dermal tissue while phospolipids promote natural turgor.

The Society for Hospital Epidemiology of America

Membership Application

Name _____

Degree ☐ MD ☐ PhD ☐ Other _____

Title (in hospital epidemiology) _____

Institution(s) name and address _____

City State Zip code

Business telephone (____) _____ Fax (____) _____

Area of interest within hospital epidemiology

☐ Hospital-acquired pneumonia ☐ Intravascular device-associated infection ☐ Nosocomial urinary tract infection

☐ Other (specify) _____

Bed size _____ Category ☐ Non-Teaching ☐ Teaching

Home address _____

City State Zip code

Home telephone (____) _____

Indicate preferred address for membership directory ☐ Home ☐ Business

Membership fees

Non-US members please pay with draft for US dollars.

❑ **Active** membership-Calendar year dues: $85

Applicants must hold a doctoral degree and should either work in the field of hospital epidemiology or have a direct interest in hospital epidemiology.

☐ Associate membership-Calendar year dues: $35 Fellowship ends (month)/(year)_____

Applicants must hold a doctoral degree and be participating in an appropriate training program in the field of hospital epidemiology. Proof of training must accompany this application.

Your membership fee includes a subscription to the Society's official journal *Infection Control and Hospital Epidemiology.*

Please make checks payable to The Society for Hospital Epidemiology of America.

Send application and remittance to:
