CDC Announces Availability of Update Epi

by Gina Pugliese, RN, MS
Medical News Editor

The Epi Info computer programs produced by CDC and the World Health Organization provide public domain software for word processing, database management, and statistics work in public health. Version 6 of Epi Info recently was released. It features a configurable pull-down menu, facilities for producing and using hypertext (active text), additional statistics, and many programming improvements.

Copies of Epi Info, a 600-page instruction manual, and a companion program for geographic mapping (Epi map) are available from USD Inc., 2075A West Park Place, Stone Mountain, GA 30087; telephone **(404) 469-4098;** FAX (404) 469-0681.

Epi Info and Epi Map also are available on the worldwide Internet using the following access information: Site:FTP.CDC.GOV; User ID: Anonymous; Directory for Epi Info:/PUB/EPI/EPIINFO; Directory or Epi Map:/PUB/EPI/EPIMAP
