EVENING'S EMPIRE

What does it mean to write a history of the night? *Evening's Empire* is a fascinating study of the myriad ways in which early modern people understood, experienced, and transformed the night. Using diaries, letters, and legal records together with representations of the night in early modern religion, literature, and art, Craig Koslofsky opens up an entirely new perspective on early modern Europe. He shows how princes, courtiers, burghers, and common people "nocturnalized" political expression, the public sphere, and the use of daily time. Fear of the night was now mingled with improved opportunities for labor and leisure: the modern night was beginning to assume its characteristic shape. *Evening's Empire* takes the evocative history of the night into early modern politics, culture, and society, revealing its importance to key themes from witchcraft, piety, and gender, to colonization, race, and the Enlightenment.

CRAIG KOSLOFSKY is Associate Professor in the Department of History at the University of Illinois, Urbana-Champaign. His previous publications include *The Reformation of the Dead: Death and Ritual in Early Modern Germany* (2001).

NEW STUDIES IN EUROPEAN HISTORY

Edited by

PETER BALDWIN, University of California, Los Angeles
CHRISTOPHER CLARK, University of Cambridge
JAMES B. COLLINS, Georgetown University
MIA RODRÍGUEZ-SALGADO, London School of Economics and Political Science
LYNDAL ROPER, University of Oxford
TIMOTHY SNYDER, Yale University

The aim of this series in early modern and modern European history is to publish outstanding works of research, addressed to important themes across a wide geographical range, from southern and central Europe, to Scandinavia and Russia, from the time of the Renaissance to the Second World War. As it develops, the series will comprise focused works of wide contextual range and intellectual ambition.
