Halliburton Company
J. M. Huber Corporation, Clay Division
Magcobar Operations, Dresser Industries
Marathon Oil Company
Thiele Kaolin Company
Union Oil Company of California
United Sierra Division, Cyprus Mines Corporation

# ERRATUM

NECIP GÜVEN: Factors affecting selected area electron diffraction patterns of micas. *Clays and Clay Minerals* **22,** 97–106 (1974).

On p. 97, lines 3 and 6 of the second paragraph under Lattice Properties of Micas (the equations for $\Delta p_{hkl}$) should read:

$$(\Delta p_{hkl})^2 = |\mathbf{H}_{hkl}|^2 - |\text{proj}.\mathbf{H}_{hkl}|^2$$

$$\Delta p_{hkl} = \left(\frac{h}{3} + l\right)$$
