

IRISH JOURNAL OF
PSYCHOLOGICAL MEDICINE

The John Dunne Medal

In honour of Dr John Dunne, first Psychiatry Professor in Ireland and President (1955) of the Royal Medico-Psychological Association

Sponsored by Lilly

The John Dunne Medal was established to symbolise excellence and originality in the field of psychiatric research. Awarded annually, this prestigious prize is open to all trainees from Ireland, Northern Ireland and Britain. To be eligible, a trainee must have made a significant contribution (though not necessarily as first author) to an original paper published by the Journal over the year.

We would like to wish continued success to our previous winners. We welcome submissions from trainees who have made a contribution to the field of psychiatric research through original papers. The winner is judged by an international panel. The John Dunne Medal was sculpted in bronze by Robin Buick, ARHA, and has been exhibited by the Royal Hibernian Academy. John Dunne Medal winners to date are:

2008 – Dr Caragh Behan, *Clinical fellow, DETECT Early Intervention Centre for Psychosis, Dublin*
2007 – Dr Finian O'Brien, *Research fellow in neuropsychiatry, Beaumont Hospital, Beaumont Road, Dublin*
