ERRATA

There were two errors in the review (Verkuilen, 2006; DOI: 10.1007/s11336-005-1333-7) of

> P. DE BOECK & M. WILSON (eds.) (2004). *Explanatory Item Response Models: a Generalized Linear and Nonlinear Approach*. New York: Springer. pp. 382+xxii. $69.95. ISBN: 0-387-40275-6.
> A. SKRONDAL & S. RABE-HESKETH. (2004). *Generalized Latent Variable Modeling: Multilevel, Longitudinal and Structural Equation Models*. pp. 508+xii. $89.95. ISBN: 1-584-88000-7.

First, Anders Skrondal's institutional affiliation was out of date. He is currently at the London School of Economics. Second, the authorship list for one of the references was inadvertently listed backwards. The correct citation is

> Rabe-Hesketh, S., Skrondal, A. (2005). *Multilevel and Longitudinal Modeling Using Stata*. College Station, TX: Stata Press.
