Ecclesiastical History Society

Editors: Peter Clarke, *Department of History, University of Southampton*, and Tony Claydon, *Department of History, Welsh History and Archaeology at Bangor University*

The aim of the Society is to foster the study of ecclesiastical history viewed in a wide historical context and broad inter-disciplinary relationship, and without regard to denominational differences or divisions. Regular meetings and conferences are held, and membership is open to scholars of all nationalities by election upon nomination, and to libraries and institutions.

Studies in Church History is an annually published series comprising papers and communications delivered at the Society's conferences, and each volume presents important new work, by established as well as by younger scholars, upon a particular theme. Volumes are available to members of the Society at a reduced price.

Studies in Church History: Subsidia is designed to supplement the Society's existing series and to extend and diversify its publications. Though volumes vary in length, the format and size is identical with *Studies in Church History*.
