# Figures

2.1 Abstraction of an algorithm *page* 28
2.2 Abstraction of an algorithmic system to automate the decision to issue a fine 28
2.3 Abstraction of a knowledge-driven system to automate welfare benefits allocation 32
2.4 Abstraction of a knowledge-driven system to identify the risk of social welfare fraud 33
2.5 Abstraction of a supervised data-driven system to predict the propensity of fraud 37
2.6 Abstraction of an unsupervised data-driven system to predict the propensity of fraud 38
2.7 Abstraction of a data-driven system to automate and improve the answering of citizen questions 40
