WINTER QUARTERLY MEETING

THE WINTER QUARTERLY MEETING was held in London on 9, 10 and 11 February 1971 under the Presidency of Dr. Martin Cuthbert.

Minutes

It was moved from the Chair and unanimously agreed that in view of the exigencies of the situation created by the absence of postal services the list of business to be transacted be deemed to have been sent to each member prior to 25 January 1971.

The President stated that in accordance with Bye-law 123 Council approved that the matters to be dealt with should be those appearing on the printed Agenda of the Meeting.

The Minutes of the previous Quarterly Meeting had not yet appeared in the Supplement to the *Journal*, and confirmation of these was therefore deferred until the next Quarterly Meeting.

Report of Council Proceedings

DR. MONRO, General Secretary, read the following Report:

'Council met yesterday and considered information transmitted by the Petition Committee from the Privy Council. This was to the effect that the process of clarifying the wording of the Petition and accompanying documents was continuing, and that this process might well be complete in the near future. As soon as this is the case, full information will be given to all members, almost certainly in the form of a Presidential Letter and accompanying memorandum. The question whether or not a further Adjourned Annual Meeting will be required can only be finally settled when all information is to hand. Council were, however, clear and unanimous in considering that it would be wrong to spend money and incur delay if the Privy Council simply asked for such things as changes in punctuation or wording, alterations of procedure, or formal amendments of mainly legal import.

Turning to other things, Council gave further consideration to a proposal for a Central Joint Committee on Higher Psychiatric Education, and it was agreed that the Joint Working Party of the Special Committee (Court of Electors) and the Education Committee be asked to have another look at the document, as there were issues which required further consideration.

It was reported to Council that the B.M.A. had decided to reconsider their policy in relation to the Abortion Act in advance of any official inquiry by the Department of Health and Social Security. It appeared that the B.M.A.'s views were approximately more closely to those of the R.M.P.A. than had been the case in the past, and there did not seem to be any need for the R.M.P.A. to be concerned at the moment other than with a watching brief.

A Statement of General Professional and Vocational Training in Psychiatry for General Practitioners was approved, and minor amendments suggested by the Education Committee were incorporated. It was agreed that there would be joint consideration between representatives of the Psychotherapy and Social Psychiatry Section and the Education Committee of the Memorandum on the Training of General Psychiatrists in Psychotherapy.

The Registrar was congratulated on the success of the Maudsley Bequest lectures held on Monday and Tuesday of this week. It was reported by the Education Committee that the Mental Nursing Sub-Committee were preparing evidence for the Asa Briggs Committee, and Council would be asked to approve this in May. It was agreed that the Association should ask to be given an opportunity to give oral as well as written evidence.

Arising out of the Report of the Parliamentary Committee, Council agreed that a further approach should be made to the Department of Health and Social Security asking that a deputation from the Association should be received to discuss problems arising out of the implementation of the Social Services Act. It was also decided to refer the subject of the amalgamation of Psychiatric and General Hospital Groups to the Research and Clinical Section for their observation.

The Papers and Discussions Committee reported that Professor Macrae was arranging the programme of papers for the May meeting in Edinburgh.

A Memorandum on Adoption, submitted by a Special Committee was approved.

Council asked the Special Committee inquiring into the possibility of a Specialist Section of Social Psychiatry to keep this matter under review.

The Minutes of a Special Committee dealing with Communication within the Association were approved.'

Section Meetings

At the meeting of the Psychotherapy and Social Psychiatry Section Dr. F. H. Stone read a paper on 'Psychodynamic Awareness'.

Unfortunately, owing to illness, Dr. G. S. Clouston was unable to attend the meeting of the Child Psychiatry Section, and his Chairman's Address, entitled 'The Section, Past and Present', was read by Dr. Anne Bolton.

The Research and Clinical Section met at the Tavistock Institute of Human Relations, and Drs. J. Bowlby, D. Heard, D. Malan, J. Robertson and C. Parkes discussed Clinical Research in Progress from the School of Family Psychiatry and Community Mental Health.

SOUTH-EASTERN DIVISION

The Autumn Meeting of the South Eastern Division was held at Napsbury Hospital, near St. Albans, Herts, on Thursday, 8 October 1970, by the kind invitation of the Hospital Management Committee and Dr. J. H. Patterson, Medical Superintendent.

Following coffee, groups left for a tour of the Hospital and were particularly impressed by the great variety of well organized activities available to all patients as part of their treatment and rehabilitation. Recent buildings blended into the magnificently kept grounds which showed up well all the progress made in this Hospital since our last visit twenty years ago.

At lunch, Mr. George Reed, Chairman of the Hospital Management Committee, welcomed members on behalf of Napsbury Hospital. Dr. David Leiberman, Divisional Chairman, replied.

The report of the Divisional Committee of Management was read. Arising from this, steps which our Division will be expected to take with the inception of the proposed College were discussed. It was resolved that Council should be requested to explore ways in which Fellows and Members could be notified about meetings held in their neighbouring Divisions.

The Committee of Management's recommendation that the past Minutes of the Divisional Meetings and those of the Divisional Committee of Management shall be deposited with the Librarian of the College was accepted. The suggestion that the Badge of Office of the Divisional Chairman and our Divisional Voting Box should also be deposited in a similar way was approved.
