Contents

Acknowledgements vii

1 Introduction 1
- 1.1 Beyond the Bedside: Narrative Medicine Meets Knowledge Translation 1
- 1.2 Narrative, Evidence, and Power: Why Stories Matter Now 4
- 1.3 Methodology and Structure of This Book 6

2 Narrative Perspectives on Medicine 11
- 2.1 Defining Narratives 11
- 2.2 Narrative Medicine 16
- 2.3 Attention, Representation, Affiliation 21
- 2.4 Analysing Narratives: A Fluid Typology and Critical Toolkit 25

3 Modes of Narration: Evidence-Based Medicine and Knowledge Translation 32
- 3.1 Narratives of Knowledge Translation 32
- 3.2 Tracing the Narrative: The Rise of Translational Research 34
- 3.3 Evidence-Based Medicine and the Genres of Translation 38
- 3.4 The Epistemic Politics of Knowledge Translation 40
- 3.5 Knowledge Translation and Textual Productivity 46
- 3.6 Narrative Evidence-Based Medicine and Translational Medicine 49

4 Narrative Framing of Puberty Blocker Research in Transgender Youth Healthcare 51
- 4.1 The Cass Review: Independent Review of Gender Identity Services for Children and Young People 51
- 4.2 Conflicting Narratives of Scientific Evidence: RCTs, Systematic Reviews, and Guidelines 55
- 4.3 Narrating Transgender Youths: Competence and Gender Identity 61
- 4.4 Narratives of Lived Experience: Amplified and Silenced Protagonists 65
- 4.5 Narratives of Equality and Justice 68

5 Narratives of (Ab)normality: IVF and Mosaic Embryos 71
- 5.1 Chromosomal Mosaicism in IVF: From FISH to NGS and a New Paradigm of Embryo Selection 74
- 5.2 PGDIS: Championing a Precision Toolkit for Embryo Selection 76
- 5.3 PGDIS 2019 and 2021: Guidance on Mosaic Embryo Transfer 77
- 5.4 ASRM's Evolving Opinions (2018–2023) on PGT-A and Mosaic Embryos 79

5.5 Two Narratives of Guidance: Precision versus Prudence 82
5.6 Proponents' Narrative: Precision, Progress, and the Promise of Control 85
5.7 Critics' Narrative: Caution in Evidence-Based Medicine, Risk Frames, and Ethical Concerns 88
5.8 Conclusions 93

6 Contested Evidence and Narrative Authority in the WHO's 2022 *Abortion Care Guideline* 94
6.1 The Guideline: Declared Aims and Principles 94
6.2 Narrators and Narrative Authority: The Voice of the WHO versus Its Critics 96
6.3 Protagonists, Antagonists, and the Distribution of Agency 101
6.4 Patterns of Selective Appropriation: Evidence, Values, and Omissions 108
6.5 Temporality and Emplotment: Stories of Progress and Decline 112
6.6 Conclusions: Narrative Power and the Politics of Abortion Care 114

7 Towards a Narrative Model of Knowledge Translation 116
7.1 Limitations of Traditional Knowledge Translation Models 117
7.2 Towards Deep Knowledge Translation 118
7.3 The Paradox at the Heart of Knowledge Translation 119
7.4 Knowledge as Narrative and Inter-narrative Web 120
7.5 Translational Leaps and Political Co-option 122
7.6 A Narrative Model of Knowledge Translation: From Reorientation to Principles 124
7.7 Seven Principles of Deep Knowledge Translation 125
