The Expression of Cognitive Categories

Edited by Wolfgang Klein and Stephen Levinson

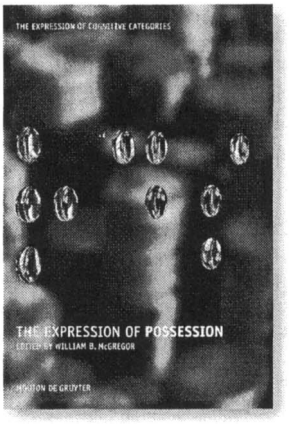

■ The Expression of Modality

Edited by William Frawley

September 2005. Approx. xii, 330 pages. Cloth.
Approx. € 108.00 / sFr 173.00 / *US$ 151.20
ISBN 3-11-018435-4
(The Expression of Cognitive Categories 1)

This book covers the essentials of modality and offers both foundational ideas and cutting edge advances. The book consists of essentially a set of tutorials on modality, covering definitions of modality, morphosyntactic form, semantics, discourse and pragmatic function, formal structure, historical development, and acquisition. There are also specific chapters on modality in Zapotec and American Sign Language, which show the range of forms that modal notions can take. The book closes with a look at the future of modal research.

■ The Expression of Possession

Edited by William B. McGregor

October 2005. Approx. xii, 330 pages. Cloth.
Approx. € 108.00 / sFr 173.00 / *US$ 151.20
ISBN 3-11-018437-0
(The Expression of Cognitive Categories 2)

This collection of nine original articles deals with the expression of possession at various levels of grammar, morphological, phrasal, and syntactic, and from a typologically diverse range of languages (including Germanic, Oceanic, Meso-American, and Australian Aboriginal). There are two main aims. The first is to reveal something of the range of constructions employed cross-linguistically in the expression of possession, and second, to present an understanding of the possessive relation itself as a cognitive and linguistic phenomenon. A guiding principle in the selection of contributors has been to invite linguists whose research, while not necessarily directly dealing with possession, touches on it, and indicates that they are likely to provide fresh perspectives on this well-trodden field.

The *Atlas of North American English* provides the first overall view of the pronunciation and vowel systems of the dialects of the U.S. and Canada. The Atlas re-defines the regional dialects of American English on the basis of sound changes active in the 1990s and draws new boundaries reflecting those changes. It is based on a telephone survey of 762 local speakers, representing all the urbanized areas of North America. It has been developed by Bill Labov, one of the leading sociolinguists of the world, together with his colleagues Sharon Ash and Charles Boberg.

The Atlas consists of a printed volume accompanied by an interactive CD-ROM. Starting January 2006, the print and multimedia content will also be available online.

ELSEVIER

ENCYCLOPEDIA OF LANGUAGE & LINGUISTICS

Second Edition

14-volume set

THE LINGUIST'S BENCHMARK REFERENCE WORK FOR THE 21ST CENTURY!

Available in print & online!

Editor-in-Chief
Keith Brown, *University of Cambridge, UK*

Co-ordinating Editors
Anne H Anderson, *University of Glasgow, UK*
Laurie Bauer, *Victoria University of Wellington, New Zealand*
Margie Berns, *Purdue University, USA*
Graeme Hirst, *University of Toronto, Canada*
Jim Miller, *University of Auckland, New Zealand*

We are pleased to announce the forthcoming reference work ***Encyclopedia of Language and Linguistics 2nd edition***, to be published in print in late 2005 and online in early 2006.

The first edition of ELL (Asher, 1993) was hailed as "the field's standard reference work for a generation". Now the **ALL-NEW** second edition matches ELL's comprehensiveness and high quality, expanded and updated for a new generation, while being the first encyclopedia to fully exploit the multimedia potential of linguistics.

ELL2 is:

- **An entirely new work, with new editors, new authors, new topics and newly commissioned articles with handful of classic articles kept mainly for historical interest**
- **The first Encylopedia to exploit the multi-media potential of linguistics**
- **Ground-breaking and International in scope and approach**

ELL2 on ScienceDirect:

SCIENCE DIRECT®

- **Full-text HTML and PDF of articles**
- **Sophisticated navigation**
- **Basic and advanced searching**
- **Bibliographic linking to other content held on ScienceDirect and, via Cross Ref, to other publishers' holdings.**

ISBN: 0-08-044299-4
PUB DATE: Print version - Nov 2005 / Online early 2006
PRICE (print): $5600 / £3500 / €4999
INTRODUCTORY PRICE: $4480 / £2800 / €3999 *(valid until Feb 28, 2006)*

A Handbook of Phonetics

‹Natural› Phonetics:
Articulatory, Auditory & Functional

LUCIANO CANEPARI
University of Venice, Italy

The author, who was trained in the British phonetic tradition and teaches Phonetics and Phonology at the University of Venice, has expanded and completed the potential of *natural phonetics*, i.e. articulatory, auditory, and functional, in order to update and adapt it to the descriptive and teaching needs of several languages and dialects of the world, according to the *phonetic method* which is explained in the book.

The handbook offers the necessary expansion of the *International Phonetic Alphabet* (IPA) to make it appropriate to adequately deal with hundreds of languages; not only for vowels and consonants, but also for intonation and tones. Hundreds of useful figures are provided, in particular vocograms, orograms, labiograms, palatograms, and tonograms.

The general part, although beginning in a gradual way, deals with all the segmental and suprasegmentals in depth, without neglecting paraphonics (or "paralinguistics"). The *handbook* provides about 1000 "linguistic sounds" with their symbols, of which at least 500 are *basic*, 300 *complementary*, and 200 *supplementary*. In the second part, about *320 languages from all over the world* are concisely but precisely dealt with (including 72 dead languages). In the twin volume (*A Handbook of Pronunciation*) the *phonetic method* is fully applied, by thoroughly dealing with the pronunciation of 12 languages: *English, Italian, French, German, Spanish, Portuguese, Russian, Arabic, Hindi, Chinese, Japanese, and Esperanto*.

ISBN 3 89586 480 3 (Hardbound).
LINCOM Textbooks in Linguistics 10. 518pp. USD 164. 2005.

A Handbook of Pronunciation

English, Italian, French, German, Spanish, Portuguese,
Russian, Arabic, Hindi, Chinese, Japanese, Esperanto

LUCIANO CANEPARI
University of Venice, Italy

The pronunciation and intonation of 12 languages are described in this book: *English*, *Italian*, *French*, *German*, *Spanish*, *Portuguese*, *Russian*, *Arabic*, *Hindi*, *Chinese*, *Japanese*, and *Esperanto*. They are dealt with (in such a precise manner as never seen before) by applying *natural phonetics* (i.e. articulatory, auditory, and functional) thoroughly dealt with in the twin volume, *A Handbook of Phonetics*.

Many figures clearly show the peculiarities of vowels, consonants, intonation, and tones, whereas very accurate and faithful transcriptions help to "see the sounds" of several languages. There are about 350 *phones* in this book, treated with the rigor and effectiveness of the *phonetic method*. Neutral (or "standard") pronunciations are described, including the American variants of English, French, Spanish, and Portuguese. Each chapter comprises: *Generalities*, *Vowels*, *Consonants*, *Structures*, and *Text*.

In addition, about thirty native accents (with variants) are dealt with, including American and British "mediatic" *English* (used in radio and television broadcastings; the British variant is often called "Estuary English"), besides "international", Canadian, Australian (with its well-known 4 variants), New-Zealand, traditional-British and Cockney English.

For *French*, we also have "international", "mediatic" Parisian, *banlieu* Parisian, Marseilles and Canadian French. For *German*, besides neutral pronunciation, the variants of the former West Germany, Austria, Switzerland, and South Tyrol are also given. For *Italian*, the traditional pronunciation is added and a couple of "mediatic" variants (from Milan and Rome) as well. Also for *Russian* and *Chinese*, some variants are given, which are useful for descriptive and teaching purposes.

ISBN 3 89586 481 1 (Hardbound).

KEY CONCEPTS IN LANGUAGE AND LINGUISTICS
Second Edition
Geoffrey Finch
Previously published as *Linguistic Terms and Concepts*, this is an invaluable glossary of significant language and linguistic terms and concepts designed for students of English Language and Linguistics. Organized into the core subject areas of language and linguistics, it enables the reader to contextualize each particular definition and gain a wider understanding of each topic. This edition has been updated to include more extensive coverage, particularly of language terms.

ENGLISH GRAMMAR FOR TODAY
A New Introduction, Second Edition
Geoffrey Leech, Margaret Deuchar, and **Robert Hoogenraad**
This text has established itself as a rich educational experience for both native and non-native-speaking students. After an introduction placing grammar in its educational and cultural context, the book offers a thorough but accessible six-chapter introduction to grammar which is then applied, in remaining chapters, to a wide range of subjects involving textual analysis. This new edition has been thoroughly updated. Exercises and answers are provided for each chapter.

The Modern Language Association represents members in more than a hundred countries, publishes an internationally acclaimed bibliography, and hosts an annual convention on professional and scholarly issues.

The MLA convention will return to Washington, DC, this December. The convention will feature more than 750 sessions over a three-day period, from 27 to 30 December, and will host a job information center for applicants and interviewers. Become a member now and get reduced members' rates and special discounts on hotel prices and airfares.

There are three easy ways to find out about membership benefits and to join:

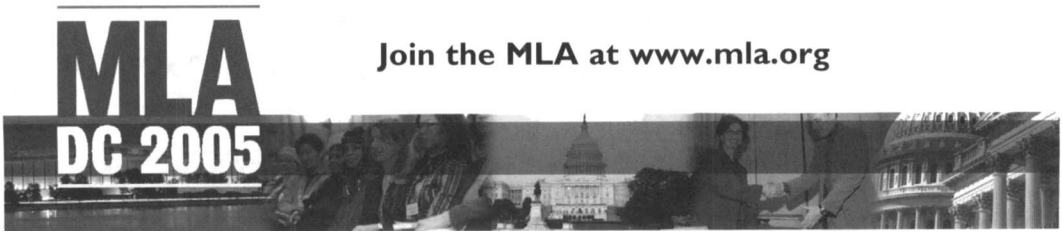

- Visit www.mla.org
- E-mail membership@mla.org to request your membership application packet
- Or call 646 576-5151

Every MLA Member Receives:

- Six issues of *PMLA*
- Four issues of the *MLA Newsletter*
- A complimentary copy of the *MLA Handbook for Writers of Research Papers*
- A copy of *Profession*, an annual collection of articles on the field
- Membership in divisions and discussion groups
- Participation in MLA-sponsored group insurance plans
- Discounts on over 200 books and pamphlets published by the MLA
- Eligibility to vote for officers, members of the Executive Council, and members of the Delegate Assembly

MLA Members Have Exclusive Access to the Following MLA Web-Site Areas:

- A searchable list of convention sessions
- Calls for papers for the MLA convention
- A list of current members
- Priority convention registration
- The *MLA Newsletter* in PDF

BEDFORD/ST. MARTIN'S Linguistics

Contemporary Linguistics
An Introduction
Fifth Edition
William O'Grady
University of Hawaii at Manoa
John Archibald
University of Calgary

U.S. Edition Prepared by
Mark Aronoff
State University of New York at Stony Brook
Janie Rees-Miller
Marietta College

2005/paper/750 pages
bedfordstmartins.com/linguistics

Contemporary Linguistics is the gold standard of introductory linguistics textbooks. Meticulously prepared, it is one of the most comprehensive, authoritative, up-to-date introductory resources on the market. The book's extensive examples and exercises help students master the course material, and its lucid writing style makes complex concepts easy to understand.

Also available

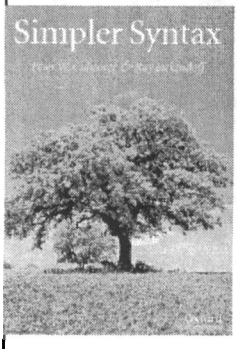

Study Guide for *Contemporary Linguistics*, Fifth Edition
Prepared by **Teresa Vanderweide**
U.S. edition prepared by **Janie Rees-Miller** and **Mark Aronoff**

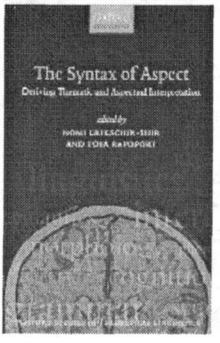

Revised for the fifth edition, this Study Guide offers a range of supplemental exercises and an answer key, providing students with extra opportunities for practice and review.

New From OXFORD

Simpler Syntax

PETER CULICOVER and RAY JACKENDOFF

This groundbreaking book offers a new and compelling perspective on the structure of human language. The fundamental issue that it addresses is the proper balance between syntax and semantics, between structure and derivation, and between rule systems and lexicon. It argues that the balance struck by mainstream generative grammar is wrong. It puts forward a new basis for syntactic theory, drawing on a wide range of frameworks, and charts new directions for research.

2005 paper $39.95 cloth $115.00

Introducing Phonetics and Phonology

Second Edition

MIKE DAVENPORT and S. J. HANNAHS

This book examines some of the ways linguists can express what native speakers know about the sound system of their language. This new edition has been updated throughout to take account of the latest developments in phonological theory but without sacrificing the book's ease of use for beginners.

(A Hodder Arnold Publication)

2005 paper $26.95

The Verbal Complex in Romance

A Case Study in Grammatical Interfaces

PAOLA MONACHESI

This book explores the interface between syntax and the other components of the grammar, in particular phonology, morphology, and argument structure. The author proceeds through a consideration of case studies and the analyses throw interesting new light on the link between Romanian and Balkan/Slavic.

(Oxford Studies in Theoretical Linguistics 9)

2005 $99.00

The Syntax of Aspect

Deriving Thematic and Aspectual Interpretation

Edited by NOMI ERTESCHIK-SHIR and TOVA RAPOPORT

This collection of new work focuses on issues at the lexicon-syntax interface. The authors address questions such as to what extent can variation in verbal meaning and thematic information be determined in the syntax, and how the interpretation of various syntactic constructions is derived, once lexical information is minimized.

(Oxford Studies in Theoretical Linguistics 10)

2005 paper $45.00 cloth $120.00

The Language of Time

A Reader

Edited by INDERJEET MANI, JAMES PUSTEJOVSKY, and ROBERT GAIZAUSKAS

This reader collects and introduces important work in linguistics, computer science, artificial intelligence, and computational linguistics on the use of linguistic devices in natural languages to situate events in time: whether they are past, present, or future; whether they are real or hypothetical; when an event might have occurred, and how long it could have lasted.

2005 paper $55.00 cloth $165.00

The Languages of East and Southeast Asia

CLIFF GODDARD

This book introduces readers to the remarkable linguistic diversity of East and Southeast Asia. It combines serious but accessible treatments of diverse areas not usually found in a single volume: for example, word origins, cultural key words, tones and sounds, language families and typology, key syntactic structures, writing systems, communicative style.

2005 paper $45.00 cloth $99.00

Language Origins

Perspectives on Evolution

MAGGIE TALLERMAN

This book addresses central questions in the evolution of language: where it came from; how and why it evolved; how it came to be culturally transmitted; and how languages diversified. It does so from the perspective of the latest work in linguistics, neuroscience, psychology, and computer science.

(Studies in the Evolution of Language)

2005 paper $45.00 cloth $125.00

Default Semantics

Foundations of a Compositional Theory of Acts of Communication

KATARZYNA M. JASZCZOLT

In this pioneering book Katarzyna Jaszczolt lays down the foundations of an original theory of meaning in discourse, reveals the cognitive foundations of discourse interpretation, and puts forward a new basis for the analysis of discourse processing.

INFORMATION FOR CONTRIBUTORS

LANGUAGE, the journal of the Linguistic Society of America, carries technical articles dealing with problems of linguistic science, reviews of recently published linguistic works, and notes of interest to professional linguists.

MANUSCRIPTS for publication and exchange JOURNALS should be sent to the Editor of LANGUAGE (Brian D. Joseph, 202 Mount Hall, The Ohio State University, 1050 Carmack Road, Columbus, OH 43210; language@ling.ohio-state.edu). BOOKS for review should be sent to the Review Editor of LANGUAGE (Stanley Dubinsky, Linguistics Program, University of South Carolina, Columbia, SC 29208; dubinsky@sc.edu). Manuscripts of articles and reviews should be submitted in THREE ANONYMOUS copies; they will not be returned. An anonymized pdf and/or Word version of the paper should also be sent, either as an e-mail attachment or on a diskette; such electronic submissions are NOT to be sent in place of hard copies, however. Authors should also send a brief (c. 250-word) abstract to language@ling.ohio-state.edu. Normally at least one author of any article or review article submitted to LANGUAGE must be a member of the Society.

Manuscript form. Authors of articles submitted to LANGUAGE are not required to follow the LANGUAGE style sheet in preparing their manuscripts for initial submission to LANGUAGE. There is no restriction on the format of manuscripts, although authors should make their submissions as reader-friendly as possible. Any manuscript, however, that has been accepted for publication as an article will have to be revised so as to conform strictly to the LANGUAGE style sheet. For the complete style sheet, see the December LSA Bulletin, the LANGUAGE web site at www.lsadc.org/language/, or write to the editors. Please see the 'Notes to Contributors' on the LANGUAGE web site for more information about the submission process.

This policy does not apply to book reviews and book notices. These are all solicited by the Review Editor and they must adhere as closely as possible to the LANGUAGE style sheet on first submission.
