The Bulletin of Symbolic Logic
Volume 32, Number 2, June 2026

NOTICES

- Schock Prize. The 2026 Rolf Schock Prize in Logic and Philosophy has been awarded to Bastiaan C. van Fraassen, the McCosh Professor of Philosophy at Princeton University. The Rolf Schock prizes are awarded every two years, in collaboration by the Royal Swedish Academy of Sciences, the Royal Academy of Fine Arts and the Royal Swedish Academy of Music. The citation for Prof. van Fraassen lauds him

  > ... for developing a compelling empiricist account of scientific reasoning that moved decisively beyond logical empiricism, profoundly influenced contemporary philosophy of science and shaped the scientific realism debate.

- 2026 Sacks Prize. The ASL invites nominations for the 2026 Sacks Prize for the most outstanding doctoral dissertation in mathematical logic. Nominations must be received by September 30, 2026. The Sacks Prize was established to honor the late Professor Gerald Sacks of MIT and Harvard for his unique contribution to mathematical logic, particularly as adviser to a large number of excellent Ph.D. students. The Prize was first awarded in 1994 and became an ASL Prize in 1999. The Fund on which the Prize is based is now administered by the ASL and the selection of the recipient is made by the ASL Committee on Prizes and Awards. The Sacks Prize will consist of a cash award plus five years free membership in the ASL. For general information about the Prize, visit http://aslonline.org/other-information/prizes-and-awards/. Anyone who wishes to make a nomination for the 2026 Sacks Prize should consult the webpage http://aslonline.org/other-information/prizes-and-awards/sacks-prize-recipients/sacks-prize-nominations/ for the precise details of the application process. A brief summary of the procedure is provided here.

  Students who defend their dissertations (equivalent to the American doctoral dissertation) between October 1, 2025, and September 30, 2026, are eligible for the Prize this year. This is an international prize, with no restriction on the nationality of the candidate or the university where the doctorate is granted. Nominations should be made by the thesis advisor, and consist of: name of student, title and 1–2 page description of dissertation, date and location of the thesis defense, letter of recommendation from the advisor, an electronic copy of the thesis in pdf form or the address of a website from which an electronic copy in pdf form can be downloaded, and an independent second letter of recommendation. Nominations and questions about the Prize should be sent to the Committee Chair, Jouko Väänänen; pdf files sent as attachments by email to e-mail: jouko.vaananen@helsinki.fi are preferred. The form of such letters and other pertinent details can be found at the website above and need to be read prior to submitting a nomination.

  Those wishing to contribute to the Sacks Prize Fund may send contributions to the ASL Business Office (ASL, Department of Mathematics, University of Connecticut, 341 Mansfield Road, U-1009, Storrs, CT 06269-1009, USA). All such contributions are tax-deductible within the USA.

- New dues rates for ASL membership in 2026. Online renewal for 2026 is available at https://www.cambridge.org/core/membership/asl. Please make sure to renew your membership!

  In 2025 the ASL Council determined and approved new membership rates, taking effect in 2026. They reflect the changing costs of printing and mailing hard copies of our journals, along with the fact that essentially all of our members now have internet access and can download journal articles online.

  The basic cost of membership for 2026 has decreased. Regular one-year memberships will cost USD 80 (with corresponding amounts in euros and GBP). Memberships for students and unemployed or emeritus members will cost USD 40, and outreach memberships will cost USD 10. However, these amounts will only cover online access to our three journals. Those members who wish to receive print copies of any/all of those journals will need to pay an additional fee for each. For regular members, the additional annual fee is USD 30 for each of the *Journal of Symbolic Logic* and the *Review of Symbolic Logic*, and USD 20 for the *Bulletin of Symbolic Logic*. Exact amounts (including for those paying reduced fees, and also multi-year memberships) appear on the webpage https://www.cambridge.org/core/membership/asl/membership. You will notice that it is still possible to select any combination of the three journals to receive in print. What has changed is that the prices for the various combinations are now different.
- Open-Access Options for ASL Journals. Authors of research articles in logic, who may wish to consider submitting those articles to the *Bulletin of Symbolic Logic*, the *Journal of Symbolic Logic*, or the *Review of Symbolic Logic*, should be aware that these journals now offer the option of open-access publication. Indeed, many universities now have contracts with Cambridge University Press, our publisher, that allow their researchers to publish open-access articles at no charge. These are often called *read-and-publish* or *transformative agreements*.

  All three journals are now hybrid. They still accept article submissions exactly as before, and they will still publish accepted articles just as before if the author does not opt for open access. However, for authors with mandates to publish open-access articles (or who simply prefer to do so), this option is also available. Details appear at https://www.cambridge.org/core/services/open-access-policies. To ascertain whether your university has an agreement as described above, use https://www.cambridge.org/core/services/open-access-policies/read-and-publish-agreements.
- Call for Conference Proposals. The ASL Committee on Logic in North America requests proposals for the 2027 ASL North American Annual Meeting, to be held some time during the first five months of 2027. The committee seeks a university somewhere in North America and a local committee to host the meeting and handle the local arrangements. The ASL North American meetings ordinarily cycle geographically between midwest (Ames, Iowa 2024), west (Las Cruces, New Mexico 2025), and east (Philadelphia, PA 2026). Thus, for 2027, the committee seeks a location in the midwest. However, any reasonable proposal will be considered. For more information, interested parties should contact Dima Sinapova, the Committee Chair (email: e-mail: dima.sinapova@rutgers.edu).

  The Committee on Logic in Europe seeks proposals for hosting the Logic Colloquium during the summer of 2027. Inquiries should be sent to the committee chair Andrew Arana (e-mail: andrew.arana@univ-lorraine.fr).
- Student Travel Awards: ASL and ASL-Sponsored Meetings. Student members of the ASL may apply for travel grants to ASL and ASL-sponsored meetings, as identified in the listings below. To be considered for a travel award, please (1) send a letter of

https://doi.org/10.1017/bsl.2026.10152 Published online by Cambridge University Press

application, and (2) ask your thesis supervisor to send a short recommendation letter describing your progress as a student. The application letter should be brief (preferably one page) and should include: (1) your name; (2) your home institution; (3) your thesis supervisor's name; (4) a one-paragraph description of your studies and work in logic, and a paragraph indicating why it is important to attend the meeting; (5) your estimate of the travel expenses you will incur; and (6) (voluntary) indication of your gender and minority status. Women and members of minority groups are strongly encouraged to apply. Application by email is encouraged; put "ASL travel application" in the subject line of your message.

The deadlines for the 2026 Logic Colloquium and the 2026 North American Annual Meeting have passed. For all travel grants to other ASL and ASL-sponsored meetings, student membership in the ASL is a prerequisite for travel grant applications. These applications and accompanying recommendations should be submitted via email to e-mail: asl@uconn.edu or to the ASL Business Office (ASL, Department of Mathematics, University of Connecticut, 341 Mansfield Road, U-1009, Storrs, CT 06269-1009, USA). They must be received at least three months prior to the start of the meeting. Decisions will be communicated at least two months prior to the meeting.

Official ASL meetings include the Logic Colloquium, the North American Annual Meeting, the Simposio Latino Americano de Lógica Matemática, the Asian Logic Conference, the ASL Winter Meeting, and the ASL-APA annual joint meeting. Many other logic meetings are sponsored by the ASL; a list of these appears below, followed by a further list of other upcoming meetings in logic.

- ASL Sponsorship of Meetings. The ASL often sponsors research meetings and conferences in logic, all over the world. Sponsorship is granted to those meetings that uphold high standards of scholarship and rigor and whose purpose is in concert with the mission of the ASL. Student members of the ASL may apply to the ASL for travel support to attend sponsored meetings, as described above, and a report on each sponsored meeting subsequently appears in the *Bulletin of Symbolic Logic*. Meeting organizers who are ASL members and wish to request ASL sponsorship of their meetings should do so at least five months before the beginning of the meeting, following the instructions at http://aslonline.org/sponsorship-of-meetings/.
- Rules for Abstracts. The rules for abstracts of contributed talks (including those submitted "by title") at the ASL meetings listed below may be found at http://aslonline.org/rules-for-abstracts/. Please note that abstracts *must* follow the rules as set forth there; those which do not conform to the requirements will be returned immediately to the authors who submitted them. Revised abstracts that follow the rules will be considered if they are received by the announced deadline.
- 2026 Simposio Latino Americano de Lógica Matemática *June 1–5, 2026, Bogotá, Colombia*. The twenty-first SLALM will be hosted by the Universidad de los Andes in Bogotá, the capital of Colombia. The plenary speakers include S. Anscombe, X. Caicedo, M. Coniglio, A. Felty, V. Fischer, M.J. Frápolli, and X. Vidaux, while I. Goldbring and J. Marcos will give tutorials. Thematic sessions (with the organizers named here), with both invited and contributed talks, will be held in Algebraic and Nonclassical Logic (N. Lubomirsky and P. Zambrano); Computer Science Logic (E. Andrade and M. Martínez); Model Theory (D. García, S. Montenegro, A. Onshuus, and A. Villaveces); Philosophical Logic (T. Barrero, D. Rey, and D. Szmuc); Recursion and Computability Theory (J. Goodrick and A. Montalbán); and Set Theory (D. Bartošová, A. Berenstein, D. Mejía, and R. de la Vega).

  The Program Committee includes C. Brech, M. Busaniche, P. Cubides Kovacsics, L. del Carmen González Huesca, C. di Prisco, I. D'Ottaviano, D. Haskell, R. Miller,

https://doi.org/10.1017/bsl.2026.10152 Published online by Cambridge University Press

A. Pardo, R. Rodriguez (chair), R. Wassermann, and R. Zamora. The local organizers are A. Berenstein, P. Cubides Kovacsics, and A. Onshuus.

- 2026 Logic Colloquium (European Summer Meeting) *June 29–July 3, 2026, Swansea, Wales, UK*. The 2026 Logic Colloquium will be hosted by Swansea University. The plenary speakers are J. Aguilera, C. Antos-Kuby, L. Cohen, S. Gao, Å. Hirvonen, T. Kihara, and N. Pischke. Tutorials will be presented by P. Hieronymi and R. Santhanam. In addition, this conference will present the 2026 Gödel Lecture, given remotely by J. Burgess. The meeting includes special sessions (with organizers as named) in Computability in Analysis (D. Graça and A. Pauly); Pure and Applied Proof Theory (R. Jalali and A. Sipos); History of Logic and Computing (T. Astarte and J. Tucker); Model Theory (P. Eleftheriou and F. Wagner); Set Theory (B. Veličković and M. Viale); and Type Theory (F. Forsberg and N. Kraus).

  The Program Committee consists of A. Atserias, F. Ferreira (chair), A. Freund, J. Kirby, L. Kołodziejczyk, F. Point, G. Sagi, M. Seisenberger, P. Shafer, and B. Veličković. The Organizing Committee consists of T. Astarte (trusted person), A. Beckmann (co-chair), U. Berger, O. Kullmann, M. Jezinski, J. Morgan, E. Neumann, A. Pauly, O. Petrovska, C. Pradic, M. Seisenberger (chair), A. Setzer, M. Tiwari, J. Tucker, and M. Valenti (co-chair). The deadlines for submitting abstracts and applying for student travel grants have passed. Further information is available online at https://logiccolloquium2026.github.io.
- 2026 North American Meeting *July 19–22, 2026, Philadelphia, PA, USA*. The 2026 ASL North American Annual Meeting will be hosted by the University of Pennsylvania, to coincide with with the International Congress of Mathematicians, which begins on July 23 in Philadelphia. Notice that this is well after the usual time of year for this conference. P. Kolaitis will present the Retiring Presidential Address. W. Brian, V. De Risi, J. Kennedy, J. Lutz, L. Moss, and C. Terry are the plenary speakers, and M. Harrison-Trainor and N. Ramsey will give tutorials.

  The Program Committee consists of R. Alvir, P. Blanchette. J. Cummings, M. Malliaris, and A. Scedrov. The local organizers are A. Anderson, W. Ewald (co-chair), K. Gill, G. Japaridze, S. Lindell, A. Scedrov (co-chair), V. Tannen, H. Towsner (co-chair), and S. Weinstein. The deadlines for submitting abstracts and applying for student travel grants have passed. More information is available at https://awainverse.github.io/asl-nam-2026/.
- Canadian Society for History and Philosophy of Mathematics Annual Meeting *June 4–6, 2026, Halifax, Nova Scotia, Canada* The 2026 Annual Meeting of the CSHPM will take place at Dalhousie University in Halifax, in conjunction with meetings of the Canadian Philosophical Association and the Canadian Society for the History and Philosophy of Science. It will include a special session on Ancient Mathematics. For details visit the website https://www.cshpm.org/meeting/.
- Advances in Modal Logic 2026 *June 29–July 3, 2026, Amsterdam, the Netherlands*. The sixteenth meeting of AiML will be organized by the Institute of Logic, Language and Computation (ILLC) of the University of Amsterdam. K. Fine, D. Gabelaia, M. Mojtahedi, A. Özgün, and S. Uckelman will give invited addresses. The Program Committee is co-chaired by M. Bílková and Y. Wang, while I. van der Giessen and M. Girlando co-chair the Organizing Committee. Details appear at https://events.illc.uva.nl/aiml2026/. (ASL Sponsored Meeting.)
- IMS Graduate Summer School in Logic *June 29–July 17, 2026, Singapore*. This summer school is an annual event organized by the Institute for Mathematical Sciences (IMS) and the Department of Mathematics of the National University of Singapore. Its goal is to fill the gap between the usual doctoral courses taken by graduate students and the background that students actually need for successful research in logic.

https://doi.org/10.1017/bsl.2026.10152 Published online by Cambridge University Press

The lecturers (for one week apiece) will be W. Johnson, T. Slaman, and H. Woodin. A fair amount of financial support is available. Application is required, via the website https://ims.nus.edu.sg/events/sslogic2026/.

- Panhellenic Logic Symposium *July 6–10, 2026, Athens, Greece*. This is the fifteenth meeting in a series that aims to promote interaction and cross-fertilization among different areas of logic. The symposium is open to researchers worldwide who work in logic, broadly conceived. The invited speakers include E. Fokina, S. Gao, A. Kruckman, S. Todorcevic, C. Vasilakopoulou, and S. Vatev, with tutorials by A. Kechris and M. Malliaris. A. Panagiotopoulos and A. Achilleos co-chair the Scientific Committee, and C. Dimitracopoulos, N. Papaspyrou, and Y. Stephanou are the organizers. For details please see panhellenic-logic-symposium.org/15/. (ASL Sponsored Meeting.)
- Computability in Europe *July 27–31, 2026, Trier, Germany*. CiE 2026 will take place on the campus of the Universität Trier. The invited speakers include A. Atserias, J. Franklin, M. Hoyrup, L. San Mauro, and F. Zaffora Blando, with tutorials to be given by O. Bournez and G. Zetzsche. Six special sessions will be held: for details please visit https://www.uni-trier.de/en/universitaet/fachbereiche-faecher/fachbereich-iv/faecher/informatikwissenschaften/professuren/theoretische-informatik/research/conferences-and-workshops/translate-to-englisch-cie-2026. The Programme Committee is chaired by V. Brattka and H. Fernau. Several other meetings are co-located with this one: *Machines, Computability, Universality* (MCU 2026); *Computability and Complexity in Analysis* (CCA 2026); and the *Grammar Systems Workshop*. (ASL Sponsored Meeting.)
- Topology, Algebra, and Categories in Logic 2026 *July 27–31, 2026, Kraków, Poland*. This conference will be preceded by a summer school on the same theme on July 21–25 in Kraków. The Program Committee is co-chaired by N. Bezhanishvili and N. Galatos, while Z. Gyenis, T. Kowalski, P. Łukowski, K. Słomczyńska, and M. Zaionc form the Organizing Committee. The list of speakers is available at https://iphils.uj.edu.pl/tacl/. (ASL Sponsored Meeting.)
- WoLLIC 2026 *August 3–6, 2026, Lima, Peru*. WoLLIC is an annual international forum on interdisciplinary research involving formal logic, computing and programming theory, and natural language and reasoning. WoLLIC 2026 will be hosted by the Universidad Nacional de Ingeniería in Lima, Peru. The Programme Committee is chaired by P. Johann, while E. Cuadro-Vargas chairs the Organizing Committee. Further information is available at https://wollic.org/wollic2026/. (ASL Sponsored Meeting.)
- CoCoGEMS @TU Wien *August 3–7, 2026, Vienna, Austria*. This is the first workshop of the AWM Research Network CoCoGEMS (Computability and Complexity by Gender Minorities). The participants will collaborate on designated research projects led by E. Fokina, E. Mayordomo, and E. Pimentel. Applications are being received on a rolling basis through the workshop website https://www.dmg.tuwien.ac.at/cocogems/.
- Second Workshop on Proof Mining *September 7–9, 2026, Bath, UK*. WPM26 will take place at the University of Bath. It is an interdisciplinary meeting addressing logical aspects of proof mining, applications throughout mathematics, and the use of proof assistants. The organizers are N. Pischke and T. Powell. Participants should register by August 1 at https://proof-mining-workshop.github.io/. (ASL Sponsored Meeting.)
- Computability, Complexity, and Randomness *September 7–11, 2026, Leeds, UK*. CCR 2026 will take place in Leeds, organized by N. Lutz, E. Mayordomo, P. Shafer (chair), and M. Valenti. Abstracts for contributed talks should be submitted through the website https://www.computability.org/ccr2026/ by the deadline of August 21, 2026. (ASL Sponsored Meeting.)

https://doi.org/10.1017/bsl.2026.10152 Published online by Cambridge University Press

- COMPUTABLE90 *September 16–18, 2026, Bletchley, Milton Keynes, UK*. The National Museum of Computing (TNMOC) and the London Mathematical Society will jointly sponsor this international conference, located at TNMOC in Bletchley Park, the site of Alan Turing's work during World War II, on the occasion of the 90th anniversary of the publication of Turing's original paper on computable numbers. The invited speakers include V. Becher, R. Downey, J. Floyd, J. Knight, M. Rathjen, and A. Wigderson. Early registration is available until July 1 at the website https://www.tnmoc.org/computable90-conference-details. (ASL Sponsored Meeting.)
- JOURNÉES SUR LES ARITHMÉTIQUES FAIBLES *September 16–18, 2026, Warsaw, Poland*. The 45th edition of the JAF, or "Weak Arithmetics Days," will be hosted by the University of Warsaw. Three invited speakers are already confirmed: L. Patey, N. Thapen, and A. Visser. Submissions are due by June 1 and the deadline for registration is July 31, through the website https://jaf45warsaw.wfz.uw.edu.pl/. The Scientific Committee consists of A. Enayat, L. Kołodziejczyk, M. Łełyk, and B. Wcisło. An adjoining conference on September 19 in Warsaw will celebrate the 60th birthday of Cezary Cieślinski.
- AAL 2026 *November 9–13, 2026, Wellington, NZ*. The annual meeting of the Australasian Association for Logic moves to New Zealand this year. The early deadline for submitting abstracts of contributed talks is September 5. The AAL has created a new award in honor of the late M.J. Cresswell, which will be given for the first time at this conference. More details appear at https://sites.google.com/view/aalogic/aal-conference-2026?authuser=0. (ASL Sponsored Meeting.)
- PH.D. ABSTRACTS IN THE *BSL*. The *Bulletin of Symbolic Logic* publishes abstracts of recent Ph.D. theses in logic. Sandra Müller is the editor for this section of the *BSL*. Students whose theses appear there become eligible for a free two-year membership in the ASL. Please visit aslonline.org/journals/the-bulletin-of-symbolic-logic/logic-thesis-abstracts-in-the-bulletin-of-symbolic-logic/ for further information or to inform the editor of a newly completed dissertation.
- MEMBER DIRECTORY. To create space for publishing abstracts of Ph.D. theses in logic, the *Bulletin of Symbolic Logic* no longer publishes a directory of members. The member directory is still available online at https://aslonline.org/membership/.
- NEW ASL BOOKS. To see new books in the ASL's *Lecture Notes in Logic* and *Perspectives in Logic* series, visit http://aslonline.org/books/lecture-notes-in-logic/ for LNL volumes and http://aslonline.org/books/perspectives-in-logic/ for Perspectives volumes.
- BOOK AND JOURNAL DISCOUNTS FOR ASL MEMBERS. Several publishers offer discounts on books and journals to ASL members. For a detailed description of these discounts, see http://aslonline.org/membership/member-services-and-resources/ or write to the ASL Business Office.
- DISCOUNTED DUES FOR NEW ASL INDIVIDUAL MEMBERS. The ASL offers a 50% discount on dues for new individual members during each of the first two years of membership. Visit http://aslonline.org/membership/individual-membership/ for more information.
- EMERITUS AND RETIRED ASL INDIVIDUAL MEMBERSHIP. The ASL offers retired individual members two membership options. Emeritus membership includes all the privileges of regular individual membership and is available to retired individuals who have been members of the ASL for 15 years. The dues for Emeritus membership for 2026 are US$40. The privileges attached to Retired membership include the ASL Newsletter and the right to vote in ASL elections, but do not include subscriptions to the ASL journals. Retired membership is offered to retired individuals who have been members

https://doi.org/10.1017/bsl.2026.10152 Published online by Cambridge University Press

of the Association for 20 years and is free. For more information about both options, visit http://aslonline.org/membership/.

- Free Individual ASL Membership Program for Individuals in Developing Economies. The ASL invites applications for an initial two-year free membership in the Association for new and lapsed members from countries classified as developing economies. The list, which can be found at https://aslonline.org/membership/world-bank-list/ includes Brazil, Bulgaria, China, Colombia, India, South Africa, and many other countries classified as "upper middle income" or below on the World Bank's annual list for four of the last five years. To apply, please send an email to the ASL Committee on Membership at e-mail: asl-membership@googlegroups.com. Include your name, full mailing address, and your academic affiliation. Full information about the ASL and membership benefits is available at http://aslonline.org/membership/individual-membership/. After the initial two-year period new members under this program will pay the reduced membership dues, US$10 for 2026, as long as their country of residence is on the ASL's list of developing economies.
- Reduced Dues for Individuals and Institutions in Developing Economies. The ASL offers reduced dues for individuals and institutions in developing economies. For 2026, the reduced dues are US$10 for individuals and US$130 for institutional basic membership, US$180 for institutional full membership. These dues apply to individuals and institutions residing in countries whose economies are classified as "upper middle income" or below on the World Bank's annual list for four of the last five years. For further information, visit http://aslonline.org/membership/individual-membership/ or contact the ASL Business Office: ASL, Department of Mathematics, University of Connecticut, 341 Mansfield Road, U-1009, Storrs, CT 06269-1009, USA; tel: +1-860-486-3989; fax: +1-860-486-4238; email: asl@uconn.edu.
