Report of Council Proceedings

In the absence, due to illness, of the General Secretary, Dr. W. Warren, Honorary Treasurer, read the following report:

Council met yesterday afternoon. Dr. W. Warren, Honorary Treasurer, acted as Secretary in the absence of Dr. A. B. Monro.

It was reported that the Association's lawyers had submitted a memorandum to the Privy Council putting the Association's case for becoming a Royal College. The Privy Council had asked a number of factual questions, the answers to which were now in the hands of the lawyers for transmission to the Privy Council.

It was reported that Professor T. Ferguson Rodger and Dr. G. F. M. Russell had given oral evidence to the Royal Commission on Medical Education on behalf of the Association.

The draft audited accounts for 1966 were considered and approved. It was noted that the income of the Association for 1966 was £21,964 and expenditure was £23,633, leaving a deficit of £1,699. The Journal Account showed a deficit of £5,611, it being noted that this covers the cost of the journals distributed to the membership. It is considered that with the increased rates of subscription there should be a credit balance on the current account in 1967.

The report of the Editor-in-Chief indicated that the Special Publication on Recent Progress in Schizophrenia would appear in the Spring.

The Registrar reported a successful and well attended series of Maudsley Bequest lectures. It was hoped that the Maudsley Bequest courses in psychology would be repeated in alternate years.

The Education Committee reported that a steering committee had been set up to make arrangements for the Conference on Psychiatric Education which would be held in 1968. A memorandum on the proposed changes in the constitution of the General Nursing Council was approved. It was noted that a central Committee on Post-Graduate Medical Education had been set up under the Vice-Chancellors' Committee to take responsibility for advising on post-graduate medical education. There were representatives of the Royal Colleges, but none of psychiatry, and the President was asked to make representations on behalf of the Association deploring this state of affairs.

The Bill on the medical termination of pregnancy was discussed and the present position noted.

The Parliamentary Committee accepted the Ministry's proposals concerning the problem of drug addiction, but made the following points: (1) the immediate implementation of out-patient services should be co-ordinated with any other services which are set up; (2) the proposals do not appear to envisage continuity between out-patient services and in-patient provisions—these must be co-ordinated; (3) geographically isolated patients must be reached in some way by the service.

The Papers and Discussions Committee outlined arrangements for the May Quarterly Meeting in Liverpool and the Annual Meeting in London. A committee has been set up to co-ordinate arrangements for the Joint Meeting with the American Psychiatric Association in Boston in May, 1968.

Blake Marsh Lecture

On 7 February, Professor C. E. Dent delivered the first Blake Marsh Lecture, entitled **"Mental Deficiency and Amino-Acid Metabolism".** The lecture was well attended and enthusiastically received. Dr. A. Shapiro proposed the vote of thanks.

Seminars

The following Seminars were presented on 8 February, 1967:

"The Use of Films in Psychiatric Teaching." Dr. M. W. Annear.

"The Psychiatrist in a General Hospital." Dr. A. H. Crisp.

The following papers were read following the Business Meeting on 9 February, 1967:

"Biogenic Amines and Behaviour" by Dr. A. J. Coppen.

"A Comparison of Techniques in Electro-convulsive Therapy" by Dr. Max Valentine.

"Dyslexia and Delinquency" by Dr. M. Rutter.

"The Classification of Phobic States" by Dr. I. M. Marks.

Section Meetings

The Research and Clinical Section met at the Institute of Psychiatry and the following papers were read on the subject of Head Injury:

"Chronic Traumatic Encephalography" by Dr. C. Mawdsley.

"The Sequelae of Severe Head Injuries" by Dr. G. Stern.

"The Aftermath of Head Injury" by Mr. H. Proctor.

"The Pathology of Post-Traumatic Dementia" by Dr. B. Strich.

At the meeting of the Psychotherapy and Social Psychiatry Section Dr. Elizabeth Spillius read a paper entitled **"Towards Community Mental Health: The Ordinary Good Family."**

Dr. George Smith presented a paper on **"Dermatoglyphs"** at the Meeting of the Mental Deficiency Section.

The Child Psychiatry Section held its Annual Dinner at the Elizabeth Garrett Anderson Hospital, following a meeting at which Mrs. Iris Goodacre and Dr. A. J. Dalzell-Ward discussed **"Aspects of Adoption."**

The Films Sub-Committee arranged a Show at the Royal Society of Medicine, which included the following films: **"Behaviour Therapy and Hypnotherapy—Two Techniques Demonstrated"** and **"And Then There Was One."**

ADJOURNED ANNUAL MEETING

The Annual Meeting, adjourned at Sheffield in July, 1966, re-assembled under the Presidency of Professor E. Stengel on 9 February, 1967.

The President reported that Dr. H. V. Dicks had been nominated as President-Elect, and the Meeting unanimously confirmed his election.

The Annual Meeting was further adjourned.
